

South Dublin County Council  
Planning Department  
County Hall  
Town Center  
Tallaght  
Dublin24.

Dated 02 May 2022.

**ADDITIONAL INFORMATION**

**Planning Register Reference Number SD22B/ 0032.**

Dear Sir/Madam.

Please find enclosed details relating to planning permission sought (reference number SD22B/0032. Additional information was sought in relation to three main points , dormer height and width, location of heat pump unit and further information of surface water drainage. I wish to submit additional plans and elevations to demonstrate how we wish to achieve any issue in relation to the interest of visual amenity of the surrounding area.

The dormer has reduced below ridge level and reduced in width by 2200mm.  
The location of the heat pump is moved to ground level on a concrete plinth.  
New plans submitted with drainage layouts .

We sought information from Neal in the planning department and are thankful for his input and we hope these changes in scale and extra information provided to progress with application .. Should you have any queries , please don't hesitate to contact me.

Thanks and Regards

Kevin Bermingham
