

As recommended in the RSA, additional crossing points have been provided along the boundary of the proposed development. This will allow pedestrian traveling north or south along the Old Nass to do so using a footpath.

In addition to this, a footpath will be provided along the entire boundary of the development. This will allow South Dublin County Council to link lands to the north and south of the development at a future stage along the eastern edge of Old Nass Road.

Refer to Pinnacle Engineering Drawing No. 210514-PIN-XX-DR-D-0030-S1-P01 which shows the permeability links to/from the development and towards Kingswood Village/lands to the north of the development.

We trust that the enclosed meets with your requirements, however, should you require any further information please do not hesitate to contact us.

Yours sincerely,

Ronan Kearns
