EV Charging Point

ELECTRIC VEHICLE RECHARGING BAY (RRM 034)

- 7.6.15 An Electric Vehicle Recharging Bay is indicated by road marking RRM 034, marked in white and located on the outer edge of each bay and should be accompanied by the upright Electric Vehicle Parking Bay regulatory sign (RUS 020a – see Chapter 5). The bays may also have green surfacing applied within the limits of the bay, but this should not be extended into the adjacent carriageway or any buffer zones.
- 7.6.16 Parallel, angled or perpendicular Electric Vehicle Recharging Bays may be provided in isolation, or as part of a series of parallel, angled or perpendicular parking bays. The dimensions of such bays are shown in Figure 7.27, together with examples of how the markings may be incorporated with adjacent parking bays.
