Dear Sir/Madam

I return herewith the Planning application submitted by you on 13-Apr-2022.

Evaluation of this application under the terms of Articles 16 – 26 of the Planning & Development Regulations 2001 (as amended) deems this application to be **INVALID** and therefore it cannot be considered by the planning authority for the following reasons:-

1. Article 22(4)(b)(ii):- Site or layout plans and drawings of floor plans, elevations and sections do not describe the works (or retention of works) to which the application relates sufficiently. No roof plan provided.
2. Article 23(1)(c):- The site layout plan and other plans do not show the levels or contours of the land and proposed structures relative to the O.S. datum or a temporary local benchmark. Levels not sufficient - only road level given.

Therefore, in accordance with Article 26 (5) of the Planning & Development Regulations 2001 (as amended), all particulars, plans, drawings and maps submitted with the application are returned herewith. **Please note that the maps/documents have been divided into 6 individual sets and in the interests of prompt processing applications for validation a re-submission of this application should be returned in the same format. If all 6 sets are not returned then**

only the sets included herewith need be submitted in the event of a resubmission of the application.

The applicant is requested to remove the Site Notice or notices erected or fixed pursuant to Article 17 (1)(b) of the Planning & Development Regulations 2001 (as amended).
