Tallaght,
Dublin 24.

Re: Planning Permission for Part/Attic conversion with dormer window extension to roof at rear of main house to create 2 No. new habitable rooms (Bedroom & Bathroom) in attic space including 2 No. Velux windows along with internal alterations at 2 Anne Devlin Avenue, Rathfarnham, Dublin 14.

I would like to apply for Planning Permission as outlined above and in the accompanying drawings.

We recently acquired Planning Permission (Reg. Ref. No. SD22B/0014 –Date of final grant 25/4/22) but it was inadvertently stated Attic Floor area on Dgn. No. C-02 when it should have been stated as 2 No. Bedrooms.

The part/attic conversion only applies to the new area created by the Dormer window extension to rear and not to the whole Attic area. As can be seen on Dgn. No. C-03 the existing height to ceiling is 2.48m which clearly gives habitable room space. And the fact that there are no bedrooms shown on the Ground Fl. plan apart from the Granny Flat means the only bedrooms are in the Attic space. And this is the case in the rest of the houses in the Estate.

So the Contribution Fee quoted namely €5,081.35 is not applicable. We would appreciate if the correct fee was applied to this new Application. (namely based on the floor area of 16.58sq.m.)

As stated on previous application we recently purchased this house and there was an existing Granny Flat as part of the overall house. This will continue to be used as a granny flat.

I also would like to carry out internal alterations like new windows, new floors, insulation etc.

I trust that you find our application acceptable and that you will look on it sympathetically.

Yours Sincerely

Colm Dalton
