Trinity College Dublin

The School of Education is seeking to recruit a 5-year tenure track, full time post as Assistant Professor in Science Education. The successful candidate will contribute to teaching, research, and supervision duties across the School, and will have an active programme of research in science education that will contribute to the international profile of the School. The post of Assistant Professor in Science Education is essential for the continued development of teaching, research, and supervision within the growing field of STEM education. The successful candidate will co-ordinate the PME in Science Education. They will teach and supervise on this course and will contribute to the School's postgraduate taught and research programmes including supervision at masters and doctoral levels. The post-holder will undertake research, knowledge generation and dissemination in the field of Science and STEM education.

Post status: Tenure Track. This position is a Tenure Track position which is 5-years in the first instance, permanency is subject to satisfying the tenure requirements.

Hours of Post: Hours of work for academic staff are those as prescribed under Public Service Agreements. Further information is available at: <http://www.tcd.ie/hr/assets/pdf/academic-hours-public-service-agreement.pdf>

Salary: Appointment will be made on the Lecturer Salary Scale (109BN) commensurate with qualifications / experience and in line with Public Sector Pay Policy [€36,369 to €88,616 per annum] <https://www.tcd.ie/hr/assets/pdf/monthly-academic.pdf>

Location: School of Education, Trinity College Dublin, the University of Dublin, College Green, Dublin 2, Ireland
Closing Date: 12 Noon GMT 24th June 2022
All applications must be made via e-Recruitment at <https://jobs.tcd.ie>
Trinity is an equal opportunities employer, and we encourage applications from talented people of all backgrounds.

Irish Water publishes the draft Regional Water Resources Plan South West for Public Consultation

Irish Water has published the draft Regional Water Resources Plan for the South West Region (RWRP-SW). The RWRP-SW is the second of four Regional Water Resources Plans launched for public consultation and it will set out Irish Water's strategy to transform and improve the public water supply system in the region. The objective of the RWRP-SW is to manage customer and community needs and provide a transparent framework to develop projects and programmes, ensuring that the drinking water supply for the region is sustainable, secure, and reliable in the future. The outcome of the draft RWRP-SW will involve:
