**RE: PLANNING APPLICATION FOR DEMOLITION OF EXISTING GARAGE AND PROVISION OF NEW SINGLE STOREY EXTENSION (AREA 77.8M²)
TO EAST FACING SIDE OF HOUSE, WITH PROVISION OF NEW REPLACEMENT GARAGE/GARDEN STORE (AREA 23.7M²)
TO REAR GARDEN AREA, PROVISION OF NEW ACCESS GATE AND ALL ASSOCIATED SITE WORKS
AT 103 MUCKROSS AVENUE, PERRYSTOWN, DUBLIN 12, D12 H766, FOR FIONNGHULA & PERRY HAUGHTON.**

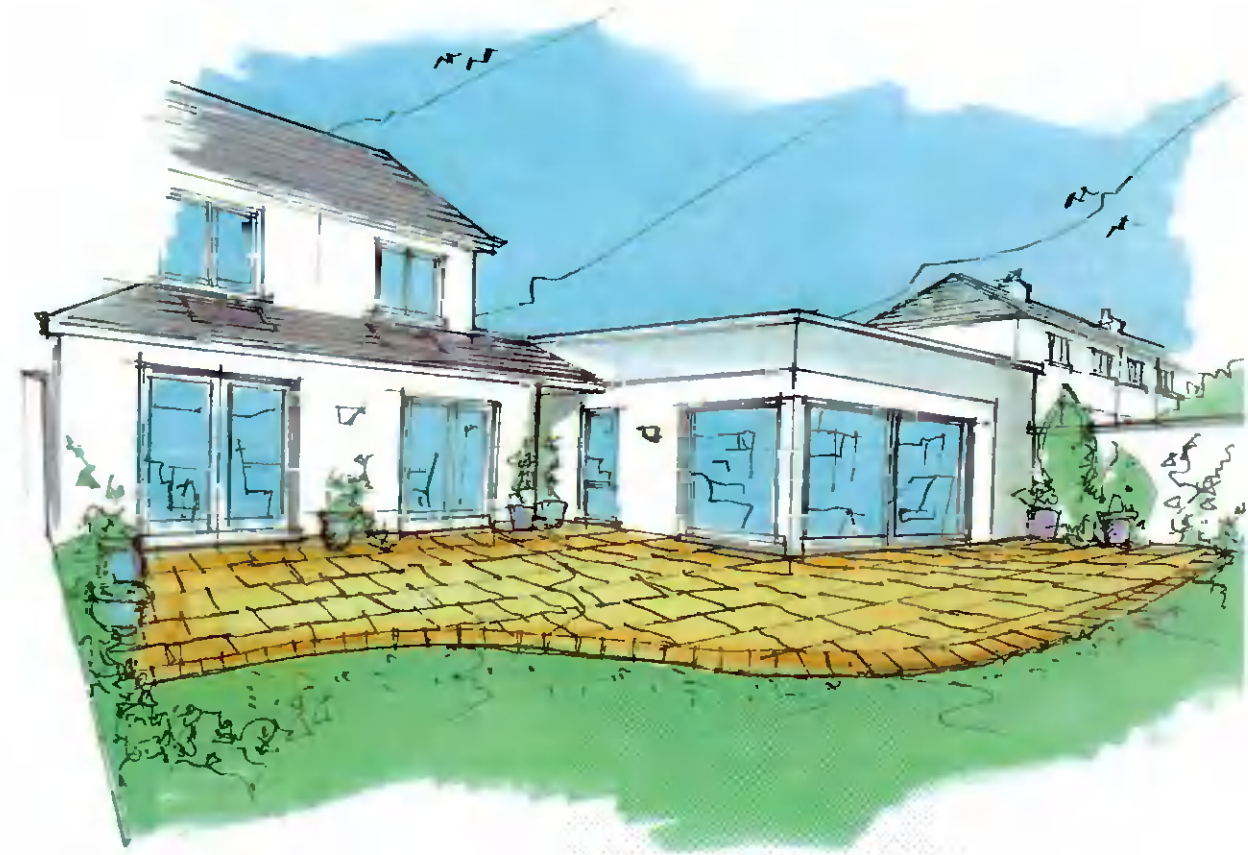

DESIGN STATEMENT:

**RE: PROPOSED FOR DEMOLITION OF EXISTING GARAGE AND PROVISION OF NEW SINGLE STOREY EXTENSION (AREA 77.8m²) TO EAST FACING SIDE OF HOUSE,
WITH PROVISION OF NEW REPLACEMENT GARAGE/GARDEN STORE (AREA 23.7m²) TO REAR GARDEN AREA, PROVISION OF NEW ACCESS GATE AND ALL ASSOCIATED SITE WORKS
AT 103 MUCKROSS AVENUE, PERRYSTOWN, DUBLIN 12, D12 H766.**

The following briefly outlines the design as now presented for Planning Consideration. The proposal is for a new single storey extension to an existing two storey house and the primary purpose is to provide a more comfortable living environment for the applicants. The existing dwelling is 99.5m² in area with a ground floor area of 56.7m². The applicant, Perry has a family history of debilitating mobility and therefore in order to facilitate any future requirements, in order to accommodate this, the existing living areas have been opened up to provide larger rooms which may if required facilitate any potential wheelchair use.

In addition, a new larger wheelchair accessible bathroom has been provided at ground floor level. This is designed to comply with the requirements of Part M of the Building Regulations, Access for people with disabilities. With the extension at 77.8m² the new house area shall be 176.3m² and given the existing size of the existing site, it comfortably accommodates the proposal.

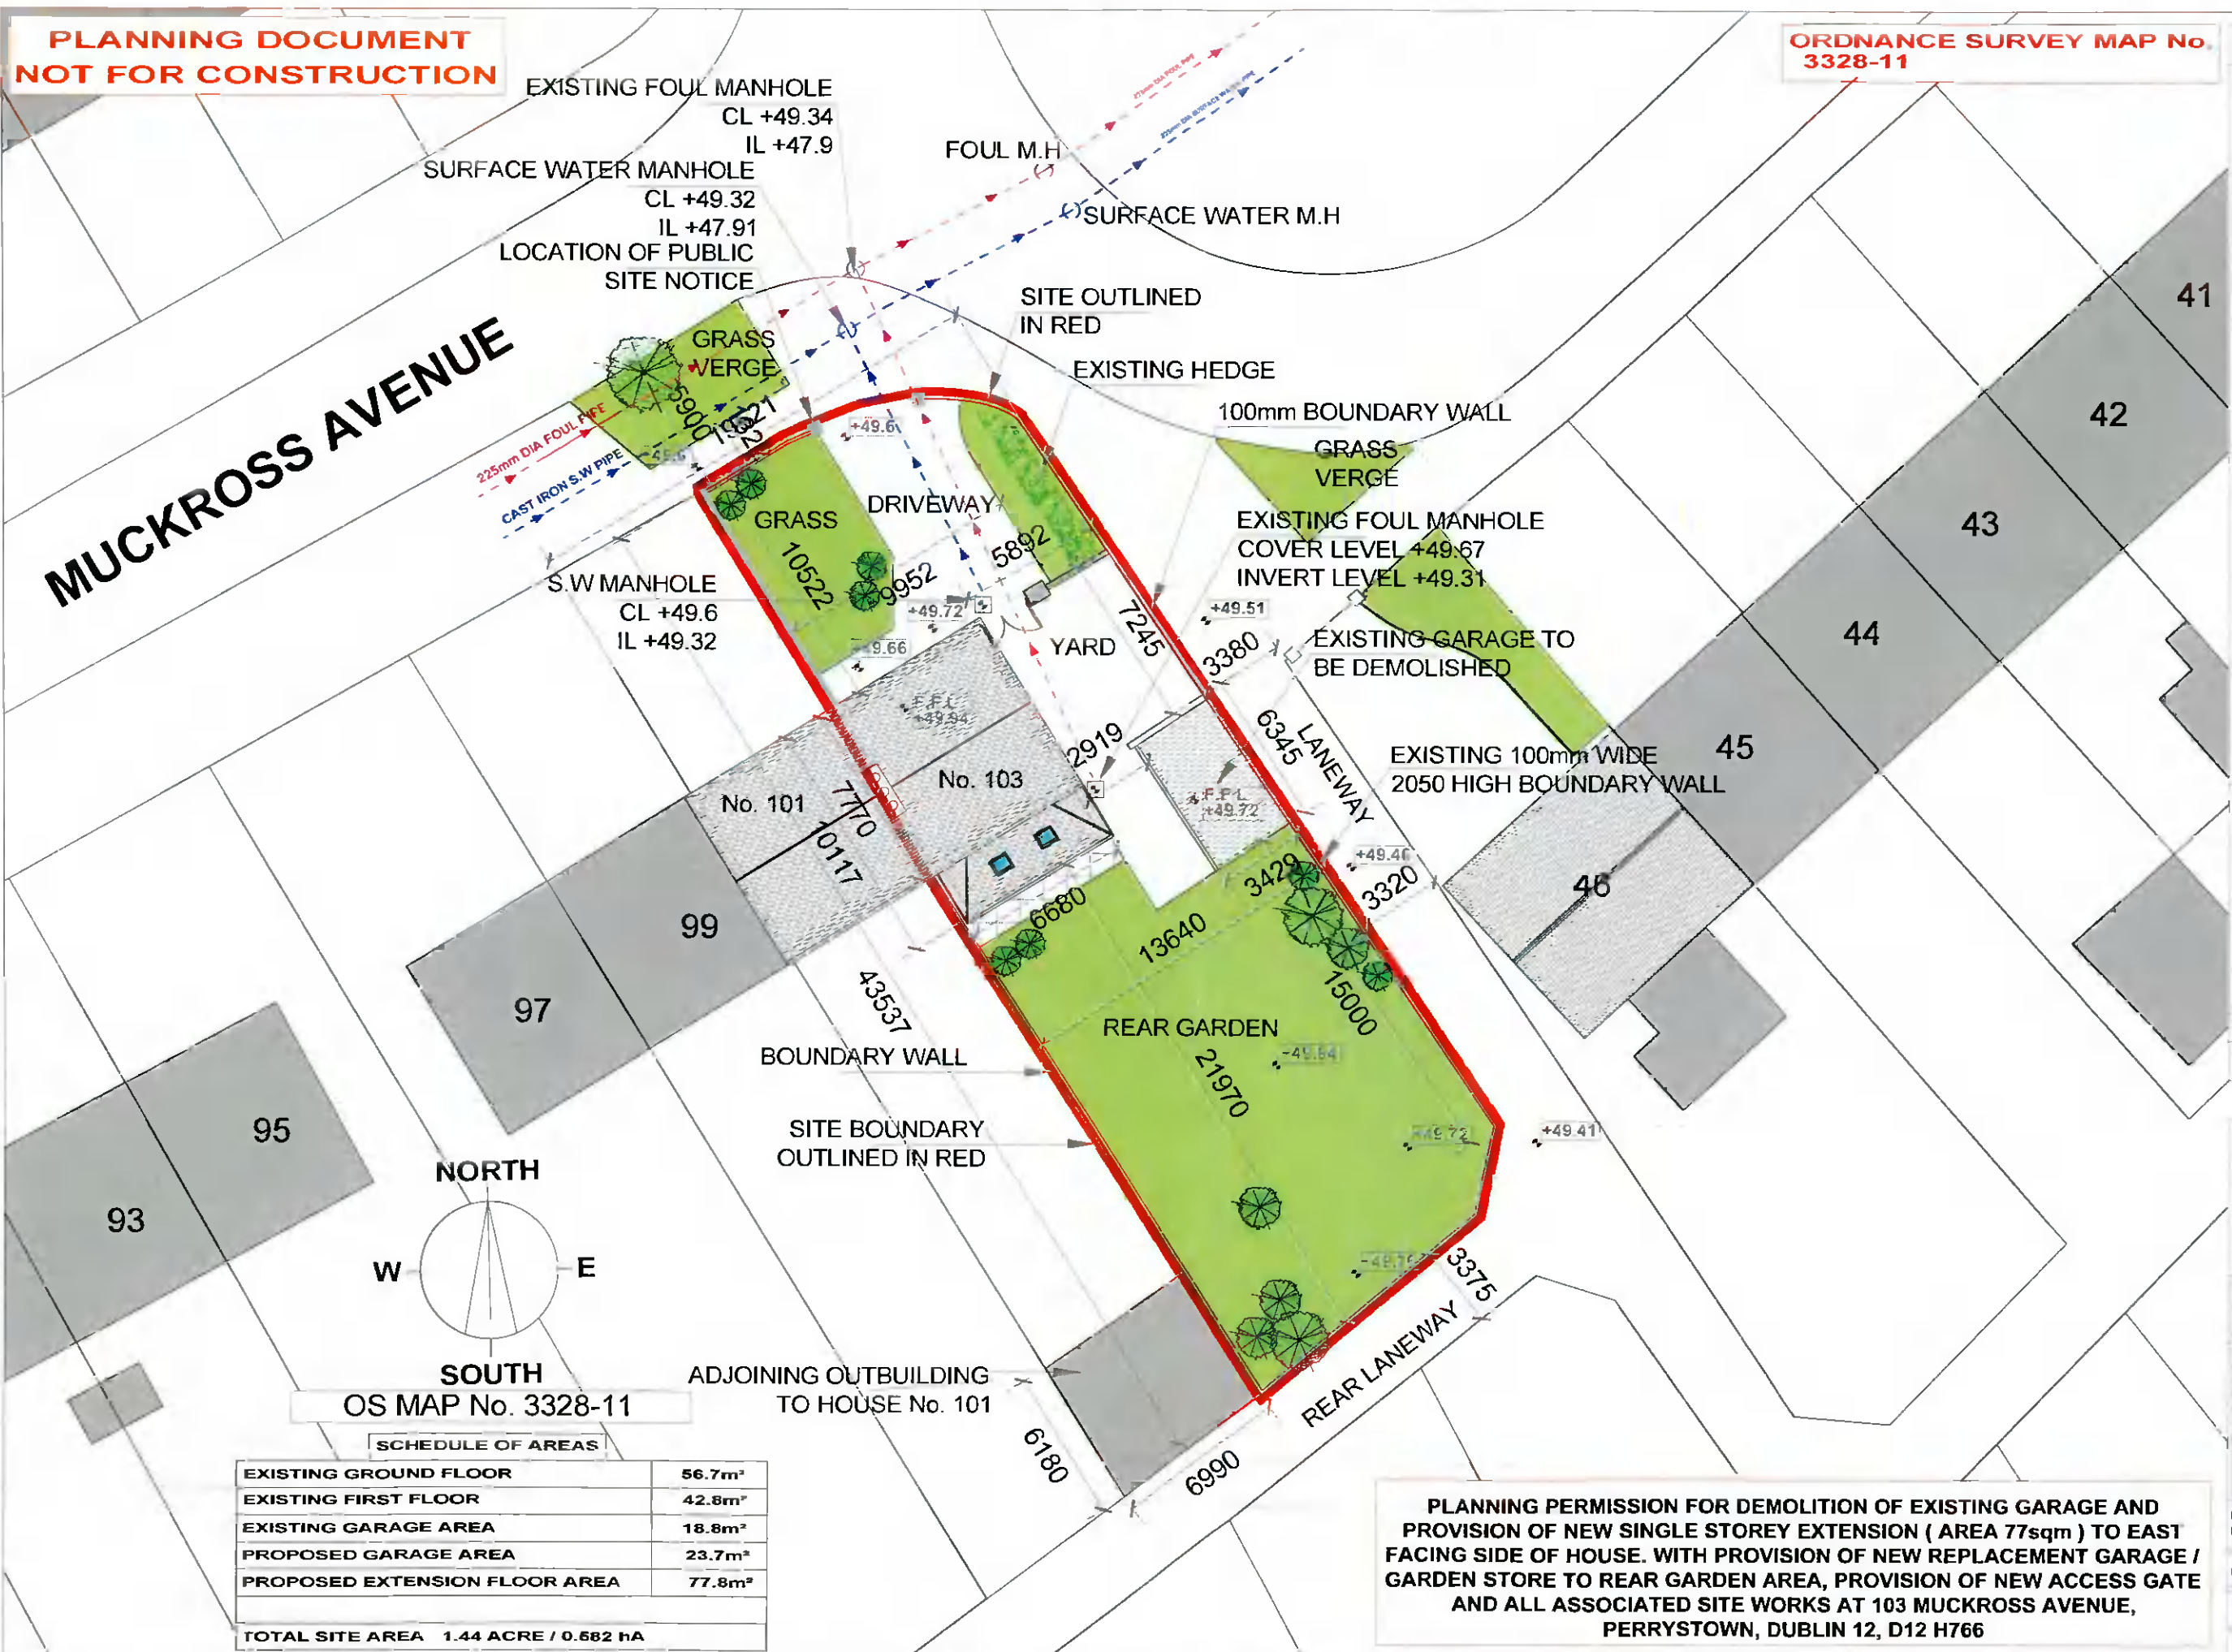

In relation to the design, the extension is a simple rectangular form positioned at the eastern side of the house. The proposed extension does not visually impose on the existing building form. This is evident from the attached sketches and drawings. In addition, the materials and finishes are consistent with those of the existing dwelling.

In addition, the extension to the front also projects slightly to form a new entrance area which we believe visually enhances the existing house. To conclude we believe that the proposed extension is a satisfactory solution in providing the applicants with a more comfortable living environment and a visually attractive addition to the applicant's home.
