**RE: PLANNING APPLICATION REF: SD21B/0639**

Dear Sir/Madam,

We wish to put on record our full support for the above planning application at 29 Springfield Road, Templeogue, Dublin 6w.

With all due respect to the applicants, they did fully brief us on this plan in advance of submitting the application to your office. They offered to make any alteration to the plan if we so wished at the time. On review of the plans we did not see the need for any changes. We do understand that all other direct neighbours were also engaged in advance of the planning application being submitted to your office and there were no issues.

Our home is the closest property to the proposed extension. We welcome the proposed design itself and believe that it will enhance the character of Springfield Road.

There are other properties on Springfield Road that already have extensions to the front and side, example 11 Springfield Road Templeogue, Dublin 6w.

The applicants have a young family and we are aware that they are in much need of the additional space as detailed in their planning application.

We do acknowledge, have reviewed and respectfully appreciate the planners points per the "Request for Additional Information" letter dated 22 February 2022 in relation to the above application but nonetheless we fully support this proposed plan in its current form.

Yours Faithfully,

  
Robert & Kellie Mac Giolla Phadraig
