Re: Construction of a new façade wall to allow conversion of existing car port to new bedroom; ground floor rear extension with flat roof and all ancillary site works.
10, Hansted Way, Lucan, Co. Dublin.

Dear Sir / Madam,

An order has been made by An Bord Pleanála determining the above-mentioned matter under the Planning and Development Acts 2000 to 2021. A copy of the order is enclosed.

In accordance with section 146(5) of the Planning and Development Act 2000, as amended, the Board will make available for inspection and purchase at its offices the documents relating to any matter falling to be determined by it, within 3 days following the making of its decision. The documents referred to shall be made available for a period of 5 years, beginning on the day that they are required to be made available. In addition, the Board will also make available the Inspector's Report, the Board Direction and Board Order in respect of the matter on the Board's website (www.pleanala.ie). This information is normally made available on the list of decided cases on the website on the Wednesday following the week in which the decision is made.

The Public Access Service for the purpose of inspection/purchase of file documentation is available on weekdays from 9.15am to 5.30pm (including lunchtime) except on public holidays and other days on which the office of the Board is closed.

Yours faithfully,

Miriam Baxter
Executive Officer

Planning and Development Acts 2000 to 2021

Planning Authority: South Dublin County Council

Planning Register Reference Number: SD21B/0430

Appeal by Tracy Palmer of 10 Hansted Way, Adamstown, Lucan, County Dublin against the decision made on the 14th day of December, 2021 by South Dublin County Council in relation to an application for permission for construction of (1) a new front façade wall to allow conversion of existing car port to new bedroom, and (2) a ground floor rear extension with flat roof and all associated site works at 10 Hansted Way, Adamstown, Lucan, County Dublin in accordance with the plans and particulars lodged with the said Council (which decision was to grant subject to conditions permission for construction of rear flat roof extension and to refuse permission for conversion of existing car port to a habitable room).

Decision

GRANT permission for a ground floor rear extension with flat roof and all associated site works at in accordance with the said plans and particulars based on the reasons and considerations marked (1) under and subject to the conditions set out below.

REFUSE permission for a new front façade wall to allow conversion of existing car port to new bedroom based on the reasons and considerations marked (2) under.

Reasons and Considerations (1)

Having regard to the provisions of the South Dublin County Development Plan 2016-2022 and the South Dublin County Council House Extension Design Guide (2010), the nature and scale of the re-designed proposed development, and the established character of the area, it is considered that, subject to compliance with the conditions set out below, this element of the proposed development would be acceptable in terms of design and layout, would not seriously injure the residential amenities of properties in the area and would otherwise be in accordance with the proper planning and sustainable development of the area.

Conditions

1. This element of the development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to An Bord Pleanála on the 14th day of January 2022 and by the amended plans and particulars received by the Board on the 31st day of May 2022, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed development shall be amended as follows:
 - (a) The western wall of the rear extension shall be re-positioned 0.85 metres away from the boundary line with number 12 Hansted Way, as set out in drawing number ABP 101 dated May 2022.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interests of residential amenity and proper planning and sustainable development.

3. The external finishes of the proposed extension (including roof tiles/slates) shall be the same as those of the existing dwelling in respect of colour and texture.

Reason: In the interest of visual amenity.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

5. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

6. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

Reasons and Considerations (2)

The Board is not satisfied on the basis of the submissions made in relation to this application and appeal that this element of the proposed development would not give rise to haphazard car parking and traffic turning movements in a restricted, shared courtyard which would endanger public safety by reason of traffic hazard.

In deciding not to accept the Inspector's recommendation to refuse permission for the single storey rear extension, the Board had regard to the further information provided by the applicant in response to the section 137 notice and was satisfied that the amended design of the rear extension which has been re-positioned away from the boundary line with number 12 Hansted Way addressed the concerns raised by the inspector.
