NOTE:
It should be noted that this is a planning drawing only and therefore is limited in its capacity to convey the total information, details and specification necessary to complete the works. Any works carried out which is not covered here will be the responsibility of the person carrying it out. As the drawings are prepared as planning drawings only, it is strongly recommended that before any work commences the Engineer / Architect be consulted, in order that full working drawings, details and specification be prepared.

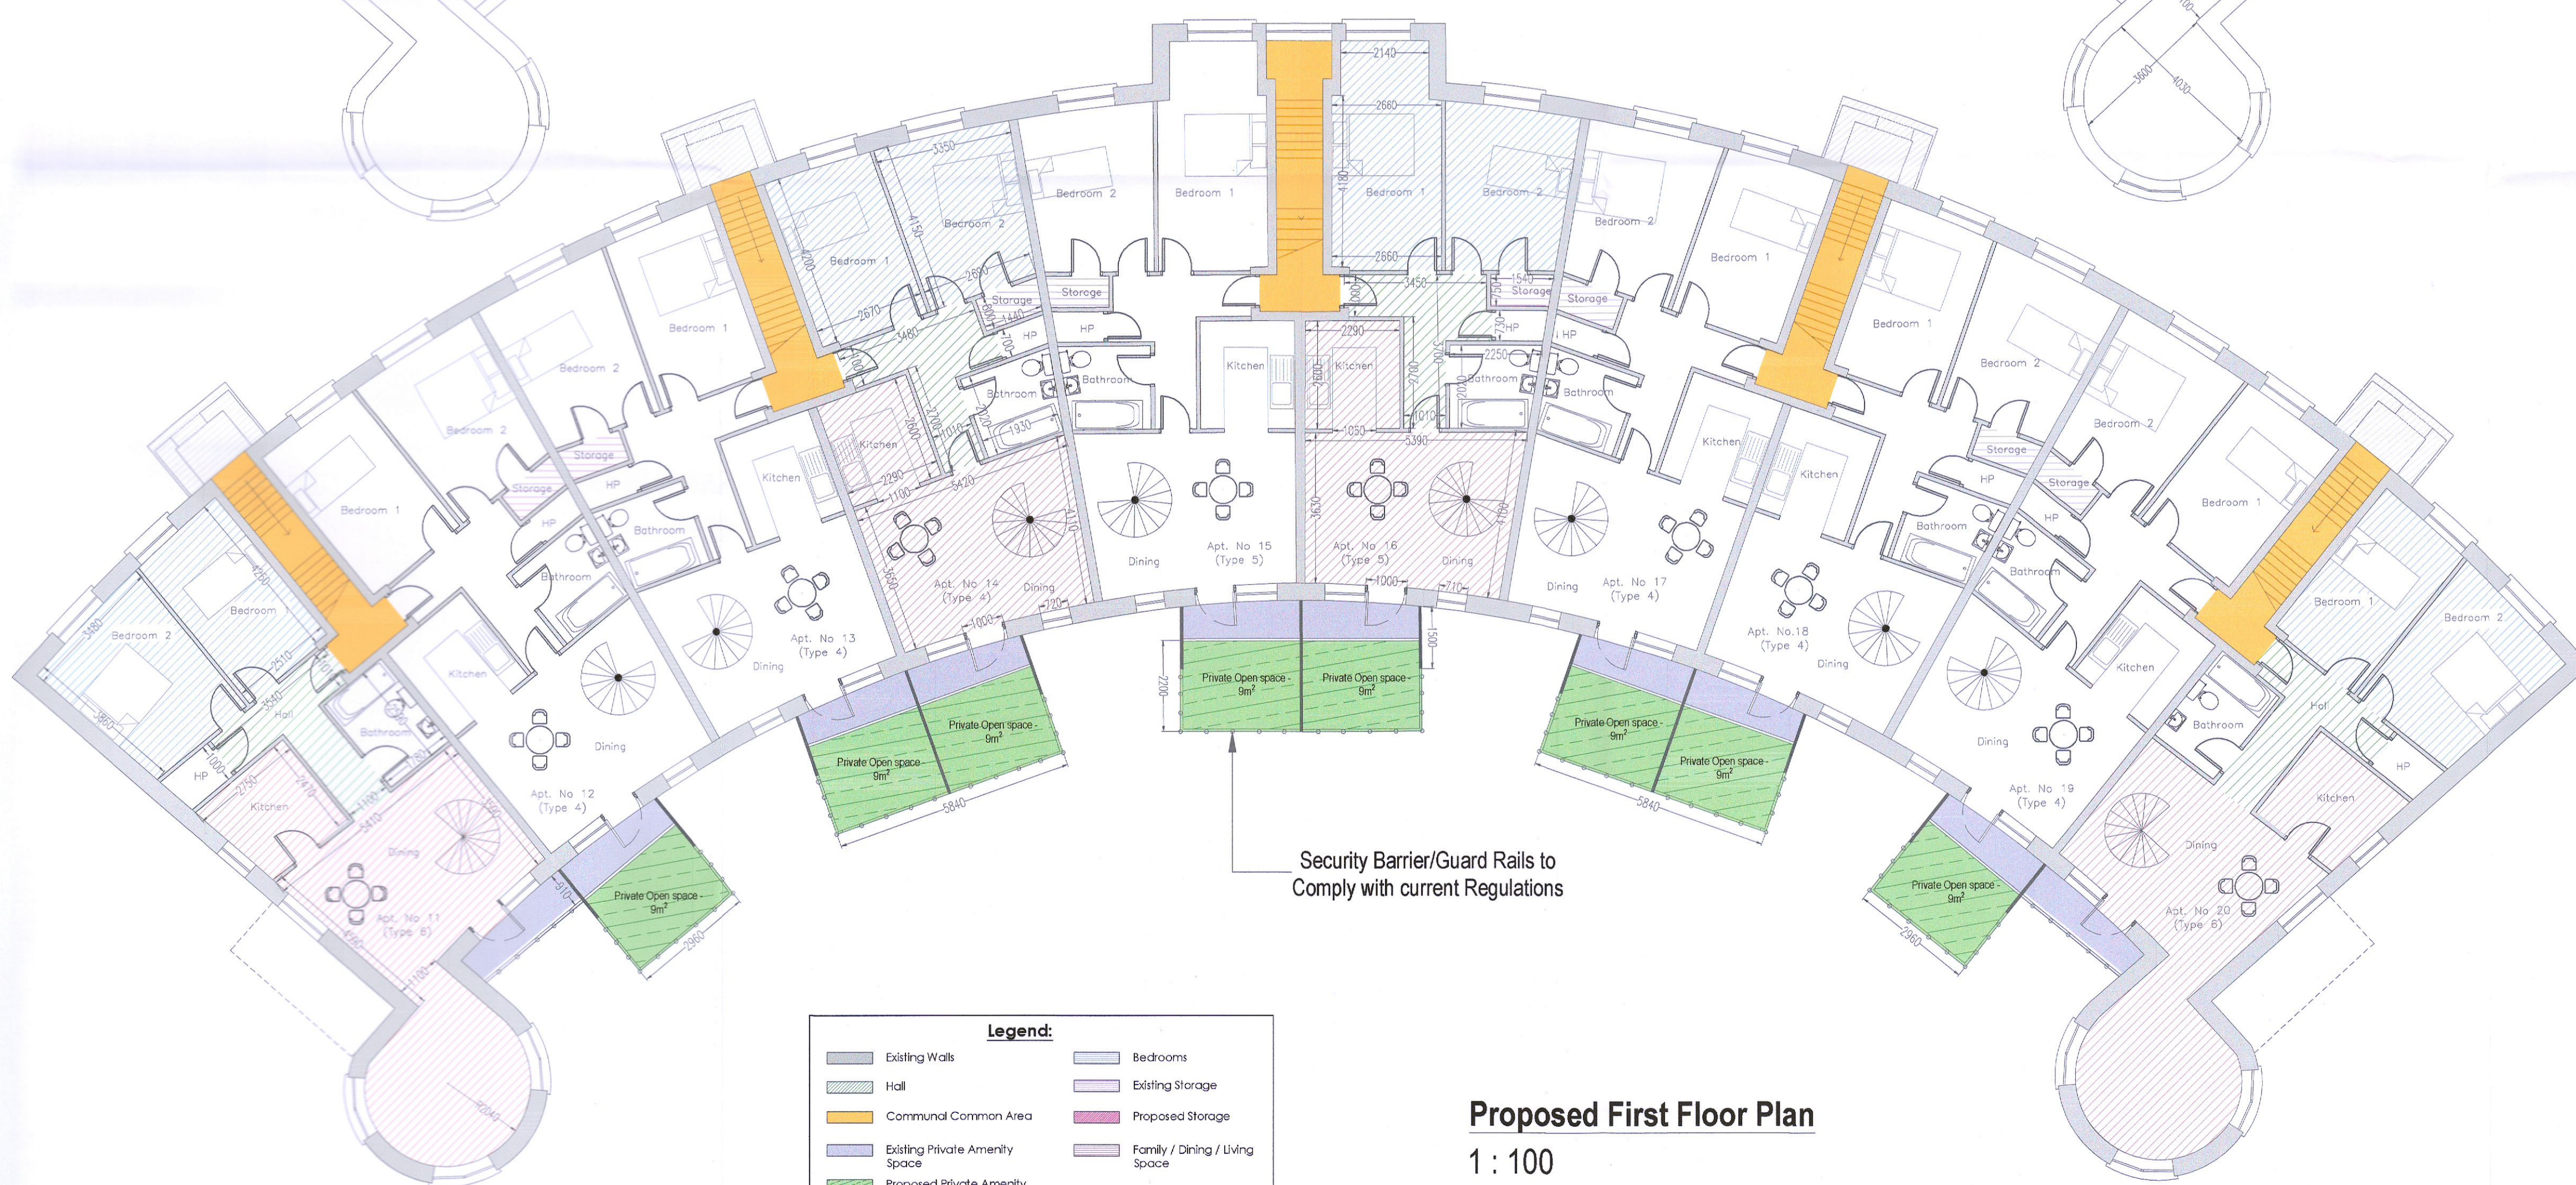

NOTE:
These drawings are for planning permission purposes only. For information in relation to Energy Efficiency and Building Regulations please refer to Working Drawings.

NOTES
This drawing is to be read in conjunction with all Architects drawings & all other Engineers drawings.
All dimensions, areas and construction details to be checked and verified by the building contractor prior to the commencement of the work.
All work to conform to the relevant Irish and British Standards and to the Building regulations (1997-2013).
All levels shown relate to Ordnance Survey Datum at Main Head.

CPR Note:
All works to be carried out using proper materials which are fit for the use they are intended and for the condition in which they are to be used.
All materials used in connection with the works to comply with the Construction Products Regulation (EU) No. 305/2011 and the harmonised technical specification/standards that fall within the remit of the CPR No. 305/2011

Existing First Floor Plan
1 : 100

Security Barrier/Guard Rails to Comply with current Regulations

Legend:
