**Subject:** Construction activities and crane usage vicinity of Casement Aerodrome

Dear Mr Sharpe,

thank you for your letter of 02 Aug 22.

Given the location and maximum elevation of the cranes, it is unlikely that there will be a direct impact on operations at Casement, however, there may be some impact on passing military traffic but there should be no additional requirements from our end other than any that may be required by the IAA in respect of Weston.

It would be appreciated if you could advise airspaceandobstacles@defenceforces.ie of the intended dates of construction/removal of the cranes when this becomes known.

Best regards  
Ray Martin
