Dear Sir or Madam,

I am writing regarding planning permission application SD22A/0340 submitted by Vantage Towers Ltd. to erect a 24m telecommunications lattice structure together with antennas, dishes, headframe, and associated telecommunications equipment enclosed by security fencing at Landmark Architectural Salvage & Granite Products, Main Street, Newcastle South, Newcastle, Co. Dublin

Please find attached Receipt No. : T4/0/718890 for payment of €20 to the finance department.

I object to the granting permission of this application.

1. Such a structure with all associated equipment should not be built in such proximity to the local school, creche, the church and houses. The children in the school and the creche as well as all surrounding houses will be exposed to RF radiation emitted by the equipment 24/7.
2. This structure will scar the face of the village, it is right beside the church and in the middle of the pub's car park. The Mast will be right beside densely populated area - Houses, the school, the pub, the church, the local butcher, and the shopping centre.
3. This will be the tallest structure in the village, it will be seen from everywhere, it will damage the historical facade of Newcastle. There are many alternative locations outside the village where this tower can be built without harming the aesthetic look of the village.

Your Sincerely,

Kalin Tomov  
32 Market Square,  
Newcastle,  
Co. Dublin
