

ENVIRONMENTAL HEALTH - PLANNING MEMO

Register Reference: SD22A/0345

Development: Alterations, extension and upgrades to the existing terminal building and all ancillary site development works; The proposed development, resulting in an increase of c. 313sq.m. GFA to the existing terminal building, will comprise; Removal of an existing canopy and construction of an extended entrance foyer, provision of ancillary cafe and outdoor seating area and segregated arrivals/departures vestibules at Ground Floor level; construction of an outdoor terrace with access from existing restaurant including overhead brise soleil sun shade and upgrades to existing WC block at first floor level; Construction of additional offices, plant room and provision of additional window openings at second floor level; Construction of a fire escape stairwell adjacent to the existing terminal with connecting walkway and access doorway at first floor level, covered walkway between the existing terminal building and the existing National Flight Centre building at ground level, erection of new signage, relocation of surface water / wastewater infrastructure and enhancements to the existing set down area and car park to include landscaping, paved pedestrian zones and a proposed gated service entrance to the airside apron. Car park enhancements to result in reduction in car parking spaces from existing 219 to proposed 191.

Location: Weston Airport, Backweston Park, Leixlip, Dublin, W23 XHF8

Applicant: Weston Aviation Academy Limited

App. Type: Permission

Planning Officer: CONOR DOYLE

EHO: Kieran Groarke

Date Received: 31-Aug-2022

Decision Due Date: 25-Oct-2022

Comments

The subject application includes alterations and upgrades to the existing terminal building at Weston Airport. The subject proposal is not likely to impact on the public with regards to noise, air or water impacts and therefore the Environmental Health Department do not wish to raise any objection with the proposed development.

The proposal is **acceptable** to Environmental Health subject to the following conditions set out below:

1. No equipment or machinery (to include pneumatic drills, construction vehicles, generators, etc) shall be operated on or adjacent to the construction site before 07:00 hours on weekdays and 09:00 hours on Saturdays nor after 19:00 hours on weekdays and 13:00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays.

Any work outside of these hours shall only be permitted following a written request to the Planning Authority and subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unwanted noise outside the hours stated above.

2. Noise levels arising from construction activities shall not be so loud, so continuous, so repeated, of such duration or pitch or occurring at such times as to give rise to a noise nuisance affecting a person in any premises in the neighbourhood.
3. The development shall be so operated that there will be no emissions of malodours, gas, dust, fumes or other deleterious materials, no noise or noise vibration on site as would give reasonable cause for annoyance to any person in any residence, adjoining premises or public place in the vicinity.
4. During the construction / demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances.
