Re: Proposed development in Profile Business Park - Onsite power generation compound (SD22A/0156)

Dear Ms. Babiarz,

I write in response to your e-mail dated 31 August 2022 re. proposed development in Profile Business Park - Onsite power generation compound. I refer to planning application SD22A/0156 which seeks modifications to granted planning application SD21A/0186 for the construction of a Data Center located at Plot 100, Profile Park, Nangor Road, Dublin 22.

Following consultations with our Air Corps colleagues at Casement Aerodrome, the Department of Defence has no objection and no additional observations for the proposed development, subject to the conditions provided for under SD21A/0186 being complied with.

The Amendments with regard to power supply will still require an Aviation Impact Assessment on all potential emissions. The Assessment should cover the possible effects of exhaust plumes or other associated impact on flight operations at Casement Aerodrome.

Please contact me if you have any queries in this regard.

Yours faithfully,

Sent via e-mail
