Additional Information Requested/Received:

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development in accordance with submitted plans and details.

The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.

2. External Finishes.

All external finishes shall harmonise in colour or texture that is complementary to the existing industrial unit its context.

REASON: In the interest of visual amenity.

3. Neither the existing nor the proposed development shall be used for the direct sale or supply of goods to visiting members of the public.

REASON: To prevent unauthorised development and to ensure that the use of the subject development accords with zoning objective of the application site and does not adversely impact the vitality and viability of existing town/district centres.

4. Drainage - Surface Water.

The disposal of surface water, shall fully comply with all of the technical requirements of the Council's Water Services Section. In this regard, prior to the commencement of development, the applicant/developer shall submit the following for the written agreement of the Planning Authority:

(a) Fully detailed foul and surface water drainage plans plan and cross-sectional views clearly showing proposed Sustainable Drainage Systems (SuDS) features for the development. Examples include but are not limited to Rain Gardens, Planter boxes with overflow connection the public surface water sewer, rainwater butts and other such SuDS. In preparing such drawings, the Applicant should have regard to the Sustainable Drainage Explanatory Design and Evaluation Guide available on the South Dublin County Council website.

(b) The Applicant shall ensure there is complete separation of the foul and surface water drainage systems, both in respect of installation and use.

(c) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

(d) All development shall be carried out in compliance with Irish Water's Standards, Codes and Practices in relation to water and wastewater infrastructure.

REASON: In the interests of public health, safety, the proper planning and sustainable development of the area and in order to ensure adequate and appropriate surface water drainage provision.

5. The existing and proposed office use shall be ancillary to the main industrial use of the building and shall not be leased or sold separately.

REASON: In the interest of the proper planning and sustainable development of the area.

6. No advertisement signs (including any signs installed to be visible through windows), advertisement structures, banners, canopies, flags or other projecting elements shall be displayed or erected on the buildings or within the curtilage of the site, unless authorised by a further grant of planning permission for a separate planning application.

REASON: In the interest of orderly development and the visual amenities of the area.

7. There shall be not external display or storage of goods, produce, waste, packaging or crates, machinery or equipment on this site at any time other than in screened storage areas that shall be subject to the written consent of the Planning Authority, having regard to the reasonable justification and circumstances.

REASON: In the interest of the visual amenities of the area.

8. Noise Tones During Evening and Night.

Clearly audible and impulsive tones at noise sensitive locations during evening and night time as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 (currently 19:00 – 07:00). shall be avoided irrespective of the noise level.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

9. Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The

applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition. REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

10. Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays. Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

11. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €7,268.74 (Seven Thousand, Two Hundred and Sixty Eight Euro and Seventy Four Cent), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority.
