Dear Sir/Madam,

I refer to your submission received on 05-Sep-2022 to comply with Condition No 7 of Grant of Permission No. SD21A/0171, in connection with the above.

In this regard I wish to inform you that the submission received is deemed **not** compliant.

Comments:

“The Article 27 determination has not been made, as such the EPA has not agreed with the notifiers decision

The (up to) 10 week period in advance of a determination only applies if the EPA decide not to enter into consultation.

In this Article 27 Notification they have and as per the guidance note- the timeframe between consultation and determination cannot be specified

As the notification itself is not available on the EPA website, it is unclear as to the make up of this proposed by-product.”

Yours faithfully,

M.C.
