NOTIFICATION TO GRANT PERMISSION
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING
REGULATIONS THEREUNDER

Final Grant Order No.:	1198	Date of Final Grant:	26-Sep-2022
Decision Order No.:	1041	Date of Decision:	15-Aug-2022
Register Reference:	SD22A/0279	Date:	20-Jun-2022

Applicant: Rixus Limited

Development: The development consists of the change of use of the ground floor unit from retails use to cafe/patisserie shop including the sale of hot and cold beverages. The following works are proposed:
(1) Internal configuring of unit including fit out of unit to facilitate development with provision of serving counter, store, W/C and seating area at ground floor level internally and externally
(2) Alterations to ground floor level facade including new glazed door and window, new awning to shopfront, new signage and projecting signage to front facade.
(3) All associated site works and ancillary works at this address in accordance with plans as submitted

Location: Unit 132, Ground Floor, The Square Shopping Centre, Tallaght, Dublin 24

Time extension(s) up to and including:

Additional Information Requested/Received:

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development in accordance with submitted plans and details.

The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.

2. Signage Not Internally Lit.
The proposed projecting signage shall not be internally illuminated.
REASON: In the interest of residential amenity, and the proper planning and sustainable development of the area.
3. Awning/Canopy
Prior the commencement of development, the applicant/owner shall submit the following for the written agreement of the Planning Authority:
Drawings including elevations and sections indicating that the awning will achieve a ground clearance of 2.4m when fully extended.
REASON: In the interests of visual amenity and the proper planning and sustainable development of the area.
4. Outdoor Seating
The banner partitions, support posts, seats and tables shall be removed from the site and securely stored within the unit before the latest closing time to the public, Monday to Sunday.
REASON: In the interest of visual amenity.
5. Kitchen: Fumes and Noise
 - (a) The ventilation system shall be adequately filtered and externally vented so as not to cause a nuisance to neighbouring properties.
 - (b) Any fumes emitted from the premises shall be minimised and if necessary treated using the Best Available Technology and emitted to the outer air.
 - (c) The noise from the operation of the ventilation system shall be attenuated so as not to cause a noise nuisance to nearby residential properties.
 - (d) Details to demonstrate compliance with above shall be submitted for the written agreement of the Planning Authority prior to the commencement of any development.REASON: In the interests of public health and in the interest of protecting the established residential amenity of the surrounding area.
6. Grease traps
All wastewater from kitchens shall be routed via an appropriate grease trap or grease removal system before being discharged to the public sewer. Full details of this system shall be submitted for the written approval of the Planning Authority prior to the commencement of any development.
REASON: In the interests of public health.
7. Minimise Air Blown Dust.
During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.
REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.
8. Construction Noise and Hours.
To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I.

No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays. Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

9. Operational Noise.

(a) Noise due to the normal operation of the proposed development, expressed as L_{Aeq} over 15 minutes at the façade of any noise sensitive location, shall not exceed the daytime background level i.e. 0700 – 1900 by more than 10 dB(A) and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 .

Clearly audible and impulsive tones at noise sensitive locations during evening and night as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be avoided irrespective of the noise level.

(b) Noise levels from the proposed development shall not be so loud, so continuous, so repeated, of such duration or pitch or occurring at such times as to give reasonable cause for annoyance to a person in any residence, adjoining premises or public place in the vicinity.

(c) All mechanical plant and ventilation inlets and outlets should be sound insulated and/or fitted with sound attenuators as necessary to ensure that the noise level as expressed as L_{Aeq} over 15 minutes at 1 meter from the façade of any noise sensitive location does not exceed the background level by more than 10 dB(A) for daytime and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

10. Drainage - Irish Water.

(a) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(b) There shall be complete separation of the foul and surface water drainage systems, both in

respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

11. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €4,542.96 (four thousand five hundred and forty two euros and ninety six cents), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority.

NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTES :

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The requirements of the HSE Environmental Health Officer shall be ascertained prior to the commencement of development in the interest of public health.

NOTE: Where the applicant proposes to connect to a public water/wastewater network operated by Irish Water, the applicant must sign a connection agreement with Irish Water prior to the commencement of the development and adhere to the standards and conditions set out in that agreement.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.
