**NOTIFICATION TO GRANT PERMISSION
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING
REGULATIONS THEREUNDER**

Final Grant Order No.:	1184	Date of Final Grant:	21-Sep-2022
Decision Order No.:	1000	Date of Decision:	08-Aug-2022
Register Reference:	SD22B/0273	Date:	14-Jun-2022

Applicant: Tomasz Inglot

Development: Construction of a single storey flat roof and double pitch slope roof extension to the rear of existing dwelling; Internal & Elevational alterations to the existing house; New off-street parking; New landscaping, boundary fencing, drainage and associated site works

Location: 13 Saint Brigid's Cottages, Dublin 22, D22DT21

Time extension(s) up to and including:

Additional Information Requested/Received:

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. Amendments.
Prior to the commencement of development the applicant, owner or developer shall submit for the written agreement of the Planning Authority revised plans that reduce the height of the rooflight and flat roof part of the extension. The rooflight shall be reduced so that it is not visible from the streetscape.
REASON: To protect the amenities of the area and in the interests of the proper planning and sustainable development of the area.

3. Architectural Conservation

Prior to the commencement of development the applicant/developer shall submit for the written agreement of the Planning Authority, following consultation with SDCC's Architectural Conservation Officer if needed, the following:

(a) A schedule of materials shall be submitted for the proposed new windows and door to the existing cottage. It is considered that the new windows and door should match the correct historical type. Details should be submitted on the proposed profile, design and material type for the windows and door with regard to the correct and proper reinstatement of architectural features.

(b) A brief method statement shall be provided detailing all works to the existing cottage in accordance with good conservation principles in particular works to the exterior of the property. The method statement should include details on how the new side opening to the existing cottage will be inserted and made good to minimise any damage to the original built fabric. It is considered that although a new large picture window opening is proposed in the side elevation it is deemed acceptable as it does not cause any negative visual impact and therefore is deemed acceptable.

(c) A schedule of materials and finishes shall be submitted for the new proposed extension.

REASON: In the interests of protecting the ACA and in accordance with the 2022-2028 CDP.

4. Access

Prior to the commencement of development the applicant/developer shall submit for the written agreement of the Planning Authority, following consultation with SDCC's Roads Department and Architectural Conservation Officer if needed, a revised design for the vehicular access and car port so that:

(a) The vehicular access point is limited to a width of 3.5 meters.

(b) The boundary walls at vehicle access points limited to a maximum height of 0.9m, and any boundary pillars shall be limited to a maximum height of 1.2m, in order to improve forward visibility for vehicles.

(c) Footpath and kerb dished and widened, and the dropped crossing constructed to the satisfaction of South Dublin County Council and at the applicant's expense. The footpath and kerb shall be dished and widened to the full width of the proposed widened driveway entrance.

(d) Any gates shall open inwards and not out over the public domain

The impact of these changes on the St. Brigid's Cottages Architectural Conservation Area shall be considered.

REASON: In the interests of traffic and pedestrian safety and visual amenity.

5. SUDS

(a) Prior to commencement of development, the applicant/developer is required to submit soil percolation test results, design calculations and dimensions to the Planning Authority to demonstrate that the proposed soakaway is feasible in accordance with BRE Digest 365 – Soakaway Design. The applicant is required to submit a revised drawing showing plan and cross-sectional views, dimensions, and location of proposed soakaway to the Planning Authority. Any proposed soakaway shall be located fully within the curtilage of the property and shall be:

vi) At least 5m from any building, public sewer, road boundary or structure.

vii) Generally, not within 3m of the boundary of the adjoining property.

viii) Not in such a position that the ground below foundations is likely to be adversely affected.

ix) 10m from any sewage treatment percolation area and from any watercourse / floodplain.

x) Soakaways must include an overflow connection to the surface water drainage network.

(b) In the event that the proposed soakaway is not feasible in accordance with BRE Digest 365 – Soakaway Design, the applicant shall submit the following for the written agreement of the

Planning Authority:

- i) Soil percolation test results demonstrating a soakaway is not feasible
- ii) A revised surface water layout drainage drawing for the development showing the inclusion of alternative SuDS (Sustainable Drainage Systems) features.

REASON: In the interest of sustainable development and proper planning of the area.

6. (a) Restriction on Use.

The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.

REASON: To prevent unauthorised development.

(b) Drainage - Irish Water.

(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(c) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(d) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to

construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

7. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €9,177.36 (nine thousand one hundred and seventy seven euros and thirty six cents), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority.

NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTES :

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.

M. Crowley
