Dear Sir/ Madam

We, Grainne Lavin and Ken Lavin write in relation to planning application number SD22A/0382 made by Jogor Point Ltd with regard to lands adjacent to Foxhunter, Ballydowd, Lucan, Co Dublin, as submitted on October 6th, 2022.

I wish to object to the proposed development. My objection is based on the following observations and grounds:

1. There are insufficient occupant details which means it is difficult to understand the plans and the extent of the possible disruption. The supporting planning report notes that the proposed use would be a 'logistical warehouse' and the transportation assessment notes that the proposed use would be a distribution warehouse. This use is not listed as permissible or open for consideration within the RW zoning designation.
2. A pedestrian entrance through Hermitage Gardens will remove existing amenity to residents of Hermitage Gardens and Hermitage Park affecting security and increasing the possibility of anti-social behavior.
3. New developments should contribute positively to the character, appearance, environment, services and infrastructure of the wider surrounding area and their established communities and should be suitable in terms of height and scale. It should have a positive impact on the local character and improve infrastructure and services and not create further problems. However, this proposed development fails to achieve this due to its immense height, scale, design and density and obvious negative impacts and pressures it will have on residents, infrastructure, environment and services.

I would be grateful if you would consider the above in your assessment of the planning application. I have enclosed proof of payment of 20 to pay for my objection under receipt number T4/0/722684.

Your faithfully

Grainne Lavin and Ken Lavin
