NOTIFICATION TO GRANT PERMISSION
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING
REGULATIONS THEREUNDER

Final Grant Order No.:	1428	Date of Final Grant:	14-Nov-2022
Decision Order No.:	1241	Date of Decision:	04-Oct-2022
Register Reference:	SD22B/0361	Date:	10-Aug-2022

Applicant: Anthony Broderick & Stephanie James-Broderick
Development: Garage conversion; Removal of the existing chimney stack; Construction of ground floor extension at rear; First floor extension at front and side of dwelling; New hipped canopy structure over porch and window; New roof light; Widen vehicular entrance and all associated site works.
Location: 38 Old Bawn Park, Dublin 24

Time extension(s) up to and including:
Additional Information Requested/Received:

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. (a) External Finishes.
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.
REASON: In the interest of visual amenity.
(b) Restriction on Use.
The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.
REASON: To prevent unauthorised development.
(c) Drainage - Irish Water.
(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish

Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

3. Parks Requirements.

(a). Tree Bond

A tree bond of €1, 500 (one thousand five hundred euros) shall be lodged with the Planning

Authority to ensure the protection of the existing street trees located in the grass margin during the course of the development works. The bond will only be refunded upon receipt by SDCC Public Realm Section of a satisfactory post-construction arboricultural assessment, carried out by a qualified arborist and provided that the trees proposed for retention are alive, in good condition and with a useful life expectancy.

(b). Protection of Street Tree in Grass Margin

In order to ensure the protection of the existing street tree adjacent to the entrance of this proposed development, suitable tree protection fencing should be installed in order to protect the existing tree during construction works. Protective tree fencing must be erected prior to all construction operations occurring on site. Fencing to be in accordance with BS 5837. This fencing, enclosing the tree protection areas must be installed prior to any plant, vehicle or machinery access on site. Fencing must be clearly signed 'Tree Protection Area – No Construction Access'. No Excavation, plant vehicle movement, materials or soil storage is to be permitted within the fenced tree protection area.

(c). No dig driveway

No work shall commence on site until such time as a method statement for the 'No dig' method of driveway construction for the new proposed vehicular entrance has been submitted to the Planning Authority. The existing street immediately adjoining the existing driveway shall be protected from damage as a result of the works on site, to the satisfaction of the Public Realm Section in accordance with it relevant British Standards (e.g. BS5837:2012) for the duration of the development. In the event that the tree become damaged during construction, the Public Realm Section shall be notified, and remedial action agreed and implemented. In the event that the tree dies or is removed without the prior consent of the Public Realm Section, it shall be replaced within the first available planting season, in accordance with details agreed with the Public Realm Section.

REASON: In the interest of the proper planning and sustainable development of the area, street tree protection, and the maintenance of the county's green infrastructure in accordance with relevant policies of the CDP 2022-2028. To ensure the safety and well-being of the trees on and adjacent to the subject site that are to remain after building works are completed, in accordance with relevant policies of the CDP 2022-2028. To ensure the safety and well-being of the trees on and adjacent to the subject site that are to remain after building works are completed, in accordance with relevant policies of the CDP 2022-2028.

4. Roads requirements.

(a). The vehicular access points shall be limited to a maximum width of 3.5 metres.

(b). Footpath and kerb shall be dished and widened, and the dropped crossing shall be constructed to the satisfaction of South Dublin County Council and at the applicant's expense. The footpath and kerb shall be dished and widened to the full width of the proposed widened driveway entrance.

(c). The boundary walls and gates at vehicle access points shall be limited to a maximum height of 0.9m, and any boundary pillars shall be limited to a maximum height of 1.2m, in order to improve forward visibility for vehicles.

(d). Any gates shall open inwards and not out over the public domain.

REASON: In the interest of proper planning and sustainable development.

NOTES :

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Waste, arising from the site, must be kept to a minimum, segregated where appropriate, and disposed in accordance with the Waste Management Regulations 2007, as amended. Transport of such waste, must be by an authorised waste permit holder. Waste disposal records must be maintained and made available, for inspection by Authorised Persons appointed under the Waste Management Act 1996, as amended. A Waste Transfer Form shall accompany the transportation of all hazardous waste arising from the construction works.

NOTE: A Roads Opening Licence must be obtained from South Dublin County Council prior to the commencement of any works in the public domain in order to comply with the Roads Act 1993, Section 13, paragraph 10. Under this Act, non-compliance constitutes an offence.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.

M. Crowley
