

Dear Sir or Madam,

16/11/22

I wish to register my objection to SD22A/0390.

1. I believe the proposal will have a negative impact on residents in Esker Lawns contrary to claims made in the application documentation.

2. A smaller development with lower rooflines would be more in keeping with the site. This would also reduce the impact on the wildlife in the immediate area.

3. Although the number of proposed parking spaces appear to be within planning guidelines, the reality would likely be many more vehicles associated with this development. This would lead to 'overflow' parking ending up in Esker Lawns thus impacting both the front and rear of resident's enjoyment of their homes.
