Record of Executive Business and Chief Executive's Order

Reg. Reference:	SD22B/0444	Application Date:	07-Oct-2022
Submission Type:	New Application	Registration Date:	07-Oct-2022
Correspondence Name and Address:	Niall Duggan, AA Architecture 4, Carrigmore Close, Aylesbury, Tallaght, Dublin 24		
Proposed Development:	Proposed roof light on front slope of roof at first floor level.		
Location:	58, Monastery Drive, Clondalkin, Dublin 22.		
Applicant Name:	Linda Leonard		
Application Type:	Permission		

Description of Site and Surroundings

Site Area

Stated as 0.032 Hectares.

Site Description

The site is located on the northern side of Monastery Drive within the established Monastery residential estate to the west of Clondalkin Village and is comprised of a two storey dwelling with a front garden with hardstanding area for off-street car parking and a front lawn and a rear garden. The dwellings along Monastery Drive have a generally uniform building line, with the surrounding streetscape is generally characterised by dwellings of a similar architectural form and scale with a generally uniform building line.

Proposal

Permission is sought for development comprised of:

- The addition of fenestration in the form of 1 No. rooflight to the front pitch of the roof of the existing dwelling.
- All ancillary works above and below ground.

Zoning:

The subject site is subject to zoning objective RES - 'To protect and/or improve Residential Amenity' in the South Dublin County Development Plan 2022-2028.

Overlap is also indicated with the following Development Plan map layers:

- Outer Horizontal Surface – Dublin.
- Bird Hazards.
- Conical Surface – Casement Aerodrome.

None recorded.

Relevant Enforcement History

None on record.

Pre-Planning Consultation

None on record.

Relevant Policy in South Dublin County Council Development Plan 2022-2028

Chapter 4 Green Infrastructure

Section 4.1 Methodology

GI1 Objective 4: To require development to incorporate GI as an integral part of the design and layout concept for all development in the County including but not restricted to residential, commercial and mixed use through the explicit identification of GI as part of a landscape plan, identifying environmental assets and including proposals which protect, manage and enhance GI resources providing links to local and countywide GI networks.

Section 4.2.1 Biodiversity

GI2 Objective 4: To integrate GI, and include areas to be managed for biodiversity, as an essential component of all new developments in accordance with the requirements set out in Chapter 12: Implementation and Monitoring and the policies and objectives of this chapter.

Section 4.2.2 Sustainable Water Management

GI4 Objective 1: To limit surface water run-off from new developments through the use of Sustainable Drainage Systems (SuDS) using surface water and nature-based solutions and ensure that SuDS is integrated into all new development in the County and designed in accordance with South Dublin County Council's Sustainable Drainage Explanatory Design and Evaluation Guide, 2022.

Section 6.8.2 Residential Extensions

Policy H14: Support the extension of existing dwellings subject to the protection of residential and visual amenities.

Comhairle Chontae Atha Cliath Theas

PR/1492/22

Record of Executive Business and Chief Executive's Order

H14 Objective 1: To favourably consider proposals to extend existing dwellings subject to the protection of residential and visual amenities and compliance with the standards set out in Chapter 13 Implementation and Monitoring and the guidance set out in the South Dublin County Council House Extension Design Guide, 2010 (or any superseding guidelines).

Section 11.2.1 Sustainable Urban Drainage Systems (SuDS)

Policy IE3: Surface Water and Groundwater

Manage surface water and protect and enhance ground and surface water quality to meet the requirements of the EU Water Framework Directive.

Chapter 12 Implementation and Monitoring

Section 13.5.8 Residential Consolidation

Extensions

The design of residential extensions should have regard to the permitted pattern of development in the immediate area alongside the South Dublin County Council House Extension Guide (2010) or any superseding standards.

South Dublin County Council House Extension Design Guide (2010)

The House Extension Design Guide contains the following general guidance on house extensions and specific guidance on side extensions:

Elements of Good Extension Design:

- *'Respect the appearance and character of the house and local area;*
- *Provide comfortable internal space and useful outside space;*
- *Do not overlook, overshadow or have an overbearing affect on properties next door;*
- *Consider the type of extension that is appropriate and how to integrate it; and*
- *Incorporate energy efficient measures where possible.'*

Overbearing Impact

- *Locate extensions, particularly if higher than one storey, away from neighbouring property boundaries. As a rule of thumb, a separation distance of approximately 1m from a side boundary per 3m of height should be achieved.*
- *Use light coloured materials on elevations adjacent to neighbouring properties.*

Relevant Government Guidelines

Project Ireland 2040 National Planning Framework, Government of Ireland, 2018.

Comhairle Chontae Atha Cliath Theas

PR/1492/22

Record of Executive Business and Chief Executive's Order

Regional, Spatial & Economic Strategy 2020-2032 (RSES), Eastern & Midlands Regional Assembly (2019)

- Section 5 – Dublin Metropolitan Area Strategic Plan, in Regional, Spatial and Economic Strategy 2019 – 2031.

Guidelines for Planning Authorities on Sustainable Residential Development in Urban Areas, Department of the Environment and Local Government (2009).

Appropriate Assessment of Plans and Projects in Ireland – Guidance for Planning Authorities, Department of the Environment, Heritage and Local Government, (2009).

OPR Practice Note PN01 Appropriate Assessment Screening for Development Management (March 2021).

Assessment

The main issues for assessment relate to:

- Zoning and Council Policy.
- Visual Impact and Residential Amenity.
- Green Infrastructure.
- Drainage and Water Services.
- Appropriate Assessment.
- Environmental Impact Assessment.

Zoning and Council Policy

The site is subject to zoning objective 'RES' – *'To protect and/or improve residential amenity'* The addition of a roof light (residential development) is permitted in principle under this zoning objective, subject to assessment against the relevant policies, objectives and standards set out in the South Dublin County Development Plan 2022-2028 and the South Dublin County Council House Extension Design Guide 2010.

Visual Impact and Residential Amenity

The proposed rooflight to the front pitch of the roofscape of the existing dwelling will not have an adverse visual impact on the amenity and character of the existing dwelling, adjacent properties and the surrounding streetscape.

Comhairle Chontae Atha Cliath Theas

PR/1492/22

Record of Executive Business and Chief Executive's Order

Green Infrastructure

Having regard to the nature and extent of the proposed development i.e., additional fenestration, the development will not increase the floorplate of the dwelling and will therefore not result in a significant loss of any grassland or permeable surfaces. In this regard, there would be little impact to the existing green infrastructure network and a limited impact in terms of additional runoff from the site.

Environmental Impact Assessment

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Screening for Appropriate Assessment

The subject site is not located within nor within close proximity to a European site. The proposed development is located within an established residential area and comprises the addition of a rooflight to the front pitch of the roofscape of an existing dwelling. Having regard to:

- the small scale and domestic nature of the development,
- the location of the development in a serviced urban area, and
- the consequent absence of a pathway to the European site,

it is considered that the proposed development would not be likely to have a significant effect individually, or in-combination with other plans and projects, on the Natura 2000 network and appropriate assessment is not therefore required.

Other Considerations

Development Contributions	
Planning Reference Number	SD22B/0444
Summary of permission granted & relevant notes:	Addition of a rooflight.
Are any exemptions applicable?	Yes
If yes, please specify:	The first 40 square metres of an extension to a house (including garages and conversion of attic to habitable areas) shall be exempt (subsequent extensions or extensions above 40 square metres to be charged at the residential rate per square metre). This exemption will not apply to development for which retention permission is sought.
Is development commercial or residential?	Residential
Standard rate applicable to development:	104.49
% reduction to rate, if applicable (0% if N/A)	0
Rate applicable	€104.49
Area of Development (m2)	0
Amount of Floor area, if any, exempt (m2)	40
Total area to which development contribution applies (m2)	0
Total development contribution due	€0.00

SEA Monitoring Information	
Building Use Type Proposed	Floor Area (sq.m)
Additional fenestration	0 sq.m
Land Type	Site Area (Ha.)
Brownfield/Urban Consolidation	0.032Ha

Conclusion

Having regard to the provisions of the South Dublin County Council Development Plan 2022-2028 and the overall design and scale of the development proposed it is considered that, subject to the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would, therefore, be in accordance with the proper planning and sustainable development of the area. It is considered that the proposed rooflight would be in compliance with Council policy in relation to extensions to dwelling houses.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2022 - 2028 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons

1. Development in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. (a) External Finishes.
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.
REASON: In the interest of visual amenity.
(b) Minimise Air Blown Dust.
During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust

Comhairle Chontae Atha Cliath Theas

Record of Executive Business and Chief Executive's Order

nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(c) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

Comhairle Chontae Atha Cliath Theas

PR/1492/22

Record of Executive Business and Chief Executive's Order

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.
