Record of Executive Business and Chief Executive's Order

- The design of residential extensions should have regard to the permitted pattern of development in the immediate area alongside the *South Dublin County Council House Extension Guide* (2010) or any superseding standards.

Section 12.6.7 Residential Standards

Section 6.7.5 Privacy and Security

Section 6.7.4 Internal Residential Accommodation

Section 12.10.1 Energy Performance in New Buildings

Section 12.3.2 Appropriate Assessment

Section 12.3.3 Environmental Impact Assessment

The design of residential extensions should accord with the South Dublin County Council House Extension Guide (2010) or any superseding standards.

Attic conversions and dormer windows:

- Locate dormer windows as far back as possible from the eaves line (at least three tile courses).
- In the case of a dormer window extension to a hipped roof, ensure it sits below the ridgelines of the existing roof and matches the materials used in the main house.
- Relate dormer windows to the windows and doors below in alignment, proportion, and character.

Overlooking and loss of privacy:

- Provide frosted or opaque glass windows with restricted openings in bathrooms, halls, and stairways.

Assessment

The main issues for the assessment are:

- Zoning and Council Policy
- Residential and Visual Amenity
- Services and Drainage
- Legal Interest
- Screening for Appropriate Assessment (AA)
- Screening for Environmental Impact Assessment (EIAR).

Zoning and Council Policy

The site is located in an area that is zoned 'RES' 'to protect and/or improve residential amenity.' A residential extension is permitted in principle subject to its accordance with the relevant provisions in the Development Plan 2022-2028 and the SDCC House Extension Design Guide 2010.

Residential & Visual Amenity

Single storey front extension.

The single storey front extension will align with the front of the existing front porch extension (pitched roof) and will project outwards from the main front building line by c.1.58m. The extension will have a mono-pitch roof whereby the proposed roof will align with the ridge height and eaves height of the existing porch. The extension will be built to the boundary with the immediate neighbour to the north. To comply with the SDCC House Extension Design Guide 2010 a projection limited to 1.5m should be maintained to the front. However, as a driveway length of c.8.5m will be provided for post completion this slight increase in projection is considered to be acceptable in this instance.

Services & Drainage

No reports have been received from Surface Water Drainage or Irish Water. Notwithstanding this it is considered that standard drainage **conditions** shall be attached in the event of a grant.

Legal Interest

It is noted that under Section 10. of the application form dealing with the legal interest the applicant has ticked *Other* and the owner has given consent for his daughter and partner to apply for planning permission (see below).

10. Legal Interest of Applicant in the Land or Structure:

Please tick appropriate box to show applicant's legal interest in the land or structure	A. Owner	B. Occupier
	C. Other <input checked="" type="checkbox"/>	
Where legal interest is 'Other', please expand further on your interest in the land or structure		
Pauline Williams is the owner of 34 Elmcastle Drive, Kilnamanagh, Dublin 24, D24 KHF2, and has consented for her daughter Paula Williams, and Paula's partner Michael Kavanagh, to apply for planning permission at her address, and has provided a letter of authorisation to them to do so.		

Screening for Appropriate Assessment (AA)

The subject site is not located within nor within close proximity to a European site. The proposed development is located within an established residential area and comprises of a house extension. Having regard to:

- the small scale and domestic nature of the development,
- the location of the development in a serviced urban area, and
- the consequent absence of a pathway to the European site,

it is considered that the proposed development would not be likely to have a significant effect individually, or in-combination with other plans and projects, on the Natura 2000 network and appropriate assessment is not therefore required.

Screening for Environmental Impact Assessment (EIAR)

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Conclusion

Having regard to the 'RES' land-use zoning of the area, the relevant policies and objectives of the South Dublin County Development Plan 2022 – 2028, and the recommendations and the South Dublin House Extension Design Guide 2010, the development seeking permission would accord with the proper planning and sustainable development of the area.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2022 - 2028 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons

1. Development in accordance with submitted plans and details.

The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.

2. (a) External Finishes.

All external finishes shall harmonise in colour or texture that is complementary to the house or its context.

REASON: In the interest of visual amenity.

- (b) Restriction on Use.

The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise

Comhairle Chontae Atha Cliath Theas

PR/1529/22

Record of Executive Business and Chief Executive's Order

transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.

REASON: To prevent unauthorised development.

(c) Drainage - Irish Water.

(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In

Comhairle Chontae Atha Cliath Theas

PR/1529/22

Record of Executive Business and Chief Executive's Order

this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Waste, arising from the site, must be kept to a minimum, segregated where appropriate, and disposed in accordance with the Waste Management Regulations 2007, as amended. Transport of such waste, must be by an authorised waste permit holder. Waste disposal records must be maintained and made available, for inspection by Authorised Persons appointed under the Waste Management Act 1996, as amended. A Waste Transfer Form shall accompany the transportation of all hazardous waste arising from the construction works.

NOTE: The applicant is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.
