Gary Mongey,  
Box Architecture  
Top Floor  
2, Wexford Street  
Dublin 2

**NOTIFICATION TO GRANT PERMISSION  
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING  
REGULATIONS THEREUNDER**

Final Grant Order No.:	<b>0536</b>	Date of Final Grant:	<b>25-Apr-2022</b>
Decision Order No.:	<b>0341</b>	Date of Decision:	<b>15-Mar-2022</b>
Register Reference:	<b>SD22B/0013</b>	Date:	<b>19-Jan-2022</b>

**Applicant:** Bryan and Annemarie Mongey

**Development:** Modifications to previously approved permission, Ref. no. SD20A/0053: (1) small cantilevered extension to the south/side elevation at first floor, (2) minor adjustment to floor levels for provision of dormer window and rooflights, all to the rear, for use as storage at attic level, (3) minor internal alterations to all levels. All other approved details relating to driveways, drainage etc. remain unaltered.

**Location:** 29, Willington Crescent, Dublin 6W

**Time extension(s) up to and including:**

**Additional Information Requested/Received:** /

A Permission has been granted for the development described above, subject to the following conditions.

**Conditions and Reasons:**

1. Development in accordance with submitted plans and details.  
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.  
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. (a) External Finishes.  
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.  
REASON: In the interest of visual amenity.

(b) Drainage - Irish Water.

(i) Prior to the commencement of development the applicant or developer shall enter into water connection agreement(s) with Irish Water.

(ii) Prior to commencement of development the applicant shall enter into a diversion agreement with Irish Water for the proposed diversion of the existing 225mm foul sewer traversing the site. Prior to commencement of development the applicant shall submit a signed written confirmation of the finalised diversion agreement with Irish Water for the proposed diversion of the 225mm foul water sewer traversing the site. 2.2 Prior to the commencement of development the applicant or developer shall enter into waste water connection agreement(s) with Irish Water.

(iii) Include water butts in proposed development as part of additional SuDS (Sustainable Drainage System).

(iv) Prior to commencement of development, the applicant or developer shall enter into Surface Water connection agreement(s) with South Dublin County Council. Application forms for Surface Water connections to the public drainage network are available at:

<https://www.sdcc.ie/en/services/environment/environmentalhealth/water-services/drainage/>

(v) All floor levels shall be a minimum of 500mm above the highest know flood level.

(vi) All works shall comply with the Building Regulations -Technical guidance document- Part H Drainage and Wastewater disposal.

(vii) The Developer shall ensure that there is complete separation of the foul and surface water drainage for the proposed development.

(viii) All works for this development shall comply with the requirements of the Greater Dublin Regional Code of Practice for Drainage Works.

(ix) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(x) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(xi) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(c) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(d) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I.

No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

3. Restriction on Use.

The house shall be used as a single dwelling unit and shall not be sub-divided by way of sale or letting (including short-term letting) or otherwise nor shall it be used for any commercial purposes.

REASON: To prevent unauthorised development.

4. Conditions attached to Reg. Ref. SD20A/0053.

All relevant conditions attached as per SD20A/0053 shall apply to the granting of this permission.

REASON: In the interest of clarity and proper planning and sustainable development.

5. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €13,270.23 (thirteen thousand two hundred and seventy euros and twenty three cents), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contribution shall be paid prior to commencement of development, or in such phased payments as the Planning Authority may facilitate. Contributions shall be payable at the rate pertaining to the year in which implementation of the planning permission is commenced as outlined in the South Dublin County Council Development Contribution Scheme 2021 - 2025.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public

infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority. NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: A Roads Opening Licence must be obtained from South Dublin County Council prior to the commencement of any works in the public domain in order to comply with the Roads Act 1993, Section 13, paragraph 10. Under this Act, non-compliance constitutes an offence. NOTE: the applicant is advised that in order to use the attic as a habitable room it must comply with the building regulations.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto [www.localgov.ie](http://www.localgov.ie) and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.
