**Additional Information Requested/Received:** /

A Permission has been granted for the development described above, subject to the following conditions.

**Conditions and Reasons:**

1. Development in accordance with submitted plans and details.  
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.  
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. Inland Fisheries Ireland.  
Baled waste created by the proposed development shall be stored in a secure bunded location. Prior to the commencement of development, the applicant shall submit details of the proposed location for written approval by the Planning Authority.  
REASON: In order to ensure there is no potential deleterious materials entering the Camac River either directly or indirectly resulting from any compaction or storage of waste materials.

3. Development to be in accordance with conditions.  
 The development shall be carried out and completed in its entirety in accordance with the conditions attached to SD20A/0125, as amended by SD21A/0320, save as may be permitted under this Planning Application and required by the other conditions attached hereto.  
 REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.
  
4. Drainage.  
 All works for this development shall comply with the requirements of the Greater Dublin Regional Code of Practice for Drainage Works  
 REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.
  
5. Minimise Air Blown Dust.  
 During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.  
 REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.
  
6. Construction Noise and Hours.  
 To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays. Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).  
 The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:
  - Schedule of works to include approximate timeframes
  - Name and contact details of contractor responsible for managing noise complaints
  - Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.
 REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the

area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.
