**NOTIFICATION TO GRANT PERMISSION
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING
REGULATIONS THEREUNDER**

Final Grant Order No.:	1605	Date of Final Grant:	15-Dec-2022
Decision Order No.:	1391	Date of Decision:	07-Nov-2022
Register Reference:	SD22B/0418	Date:	14-Sep-2022

Applicant: Clifford and Aine Lebioda

Development: Relocation of the existing entrance door and provision of an open porch to the front elevation. Demolition of an existing single storey extension and construction of new single storey extension to the rear. Replacement of the existing septic tank with a new secondary waste water treatment system and soil polishing filter and all associated ancillary site development works above and below ground.

Location: Westwinds, Loughton Lower, Newcastle, Dublin

Time extension(s) up to and including:

Additional Information Requested/Received:

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. The proposed wastewater treatment systems shall be located, installed and operated in accordance with the details submitted to the Planning Authority on 14/09/2022 and in accordance with the requirements of the Code of Practice on Wastewater Treatment and Disposal Systems serving Single Houses issued by Environmental Protection Agency 2009.
REASON: In the interest of public health.
3. A maintenance contract for the lifetime of the treatment system shall be entered into with the suppliers of the wastewater treatment system or with an appropriate maintenance firm.
Documentary evidence of an on-going maintenance agreement shall be submitted to the

Planning Authority within 4 weeks of the installation of the wastewater treatment system.
REASON: In the interest of public health in order to ensure adequate drainage provision.

4. Within three months of the first occupation of the house, the developer shall submit a report from a suitably qualified person with professional indemnity insurance certifying that the wastewater treatment system has been installed and commissioned in accordance with the approved details and is working in a satisfactory manner, and that the polishing filter and/or percolation area is constructed in accordance with the requirements of the Code of Practice on Wastewater Treatment and Disposal Systems serving Single Houses issued by Environmental Protection Agency 2009.

REASON: In the interest of public health in order to ensure adequate drainage provision.

5. The existing septic tank shall be decommissioned, emptied and made safe.

REASON: In the interest of public health and amenity

6. (a) External Finishes.

All external finishes shall harmonise in colour or texture that is complementary to the house or its context.

REASON: In the interest of visual amenity.

- (b) Restriction on Use.

The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.

REASON: To prevent unauthorised development.

- (c) Drainage - Irish Water.

(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

- (d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

- (e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to

unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

7. Sustainable Urban Drainage Systems (SuDS)

The applicant has not proposed any SuDS (Sustainable Drainage Systems) features for the proposed development. Prior to the commencement of development, the applicant is required to submit a drawing in plan and cross sectional views clearly showing proposed Sustainable Drainage Systems (SuDS) features for the development, including as follows:

a) The applicant shall include SuDS (Sustainable urban Drainage Systems) features for the proposed development such as but not limited to the following:

- Rain Gardens , Planter boxes with overflow connection to the public surface water sewer.
- Permeable Paving
- Grasscrete
- Green Roofs,
- Rain gardens
- Swales
- Permeable Paving
- Grasscrete
- Channel Rills
- Planter Boxes water butts

b) The proposed car parking area shall be constructed using a permeable surface such as Permeable Paving, Grass Paving or Porous Asphalt as part of SuDS (Sustainable Drainage System).

REASON: In the interest of providing suitable SuDS measures

NOTES :

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Adequate provision should be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons, including sanitary conveniences. The minimum requirements should be as per Part M of the Building Regulations.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.
