Ms Aoife Kelly  
Lead Process Architect  
DPS

Date: - Monday 19<sup>th</sup> December 2022

**Re: Takeda Grangecastle Planning Application**

Dear Ms Kelly

I have reviewed the AA Screening report and EIAR for the above referenced planning permission (primarily Chapter 7-Hydrology) and I am satisfied that due diligence has been completed by the applicant in recognising the potential impacts on the adjoining surface water system and that appropriate mitigation measures have been identified to protect the aquatic environment at both the construction and operational phase of the proposed development.

Should you have any further queries or wish to discuss other matters, you can contact me directly at this address.

Yours sincerely

---
