PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING  
REGULATIONS THEREUNDER**

Final Grant Order No.:	<b>0818</b>	Date of Final Grant:	<b>30-Jun-2022</b>
Decision Order No.:	<b>0638</b>	Date of Decision:	<b>16-May-2022</b>
Register Reference:	<b>SD22A/0032</b>	Date:	<b>19-Apr-2022</b>

**Applicant:** Dublin Vineyard CLG

**Development:** Change of use from a Bookmakers (from last used) to a community -based Resource Centre/Wellness Centre to be operated by Dublin Vineyard CLG. Internal alterations and modifications, including removal of internal walls and part levelling of floors to assist with achieving universal access. New hardwood sign fitted to the existing signage frame. Replacement of the two external doors to the street with new painted hardwood doors.

**Location:** 519, Main Street, Tallaght, Dublin 24

**Time extension(s) up to and including:**

**Additional Information Requested/Received:** 31-Mar-2022 / 19-Apr-2022

A Permission has been granted for the development described above, subject to the following conditions.

**Conditions and Reasons:**

1. Development to be in accordance with submitted plans and details.

The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application, and as amended by Further Information received on 19th April 2022, save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.

2. Windows.

The existing windows shall be retained and repainted. The original timber plank doors shall be retained and repainted and should be repaired using the correct method and materials if repairs are required.

REASON: To protect the original fabric of the building, which is located in an Architectural

Conservation Area.

3. Works to internal walls.

The areas of internal wall should be made good after the insertion of the new central opening in accordance with the correct methods and materials.

REASON: To protect the character and amenity of the subject building.

4. Planter.

The proposed planter shall be placed along the edge of the applicant's northern ownership boundary and the final position shall be agreed with the Planning Authority. Such details shall be submitted to the Planning Authority for written agreement prior to the commencement of development.

REASON: To prevent vehicular incursions into the pedestrianised plaza space.

5. Operational Noise.

(a) Noise due to the normal operation of the proposed development, expressed as  $L_{Aeq}$  over 15 minutes at the façade of any noise sensitive location, shall not exceed the daytime background level i.e. 0700 – 1900 by more than 10 dB(A) and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 .

Clearly audible and impulsive tones at noise sensitive locations during evening and night as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be avoided irrespective of the noise level.

(b) Noise levels from the proposed development shall not be so loud, so continuous, so repeated, of such duration or pitch or occurring at such times as to give reasonable cause for annoyance to a person in any residence, adjoining premises or public place in the vicinity.

(c) All mechanical plant and ventilation inlets and outlets should be sound insulated and/or fitted with sound attenuators as necessary to ensure that the noise level as expressed as  $L_{Aeq}$  over 15 minutes at 1 meter from the façade of any noise sensitive location does not exceed the background level by more than 10 dB(A) for daytime and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

6. Restrictions on Signage.

Notwithstanding the provisions of the Planning and Development Regulations 2001, or any statutory provision amending or replacing them, no further advertisement signs (including any signs installed to be visible through windows), advertisement structures, banners, canopies, flags, or other projecting elements shall be displayed or erected on the development or within the curtilage of the site, unless authorised by a grant of planning permission.

REASON: To protect the visual amenities of the area and in the interest of the proper planning and sustainable development of the area.

7. Photographic Record Required.

Prior to the commencement of development, the applicant/owner or developer shall submit to the Planning Authority a photographic record of the public footpath and plaza, and the internal and external condition of the building.

REASON: In the interest of proper planning and the sustainable development of the area.

8. Signage Not Internally Lit.

The proposed signage shall not be internally illuminated.

REASON: In the interest of residential amenity, and the proper planning and sustainable development of the area.

9. Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays. Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

10. Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

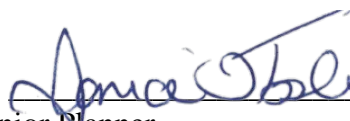

NOTE: The requirements of the HSE Environmental Health Officer shall be ascertained prior to the commencement of development in the interest of public health.

NOTE: The applicant is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; please apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto [www.localgov.ie](http://www.localgov.ie) and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.
