**NOTIFICATION TO GRANT PERMISSION
PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING
REGULATIONS THEREUNDER**

Final Grant Order No.:	0047	Date of Final Grant:	17-Jan-2023
Decision Order No.:	1461	Date of Decision:	22-Nov-2022
Register Reference:	SD21A/0361	Date:	26-Oct-2022

Applicant: Siobhan Allen
Development: 3 bedroom, double storey end of terrace house and all new service connections ancillary to the development.
Location: 24 Tara Hill Road, Rathfarnham, Dublin 14.

Time extension(s) up to and including:

Additional Information Requested/Received: 21-Feb-2022 / 26-Oct-2022

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

1. Development to be in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application, and as amended by Further Information received on 26/10/2022, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.
2. Restriction on Use.
The house shall be used as a single dwelling unit and shall not be sub-divided by way of sale or letting (including short-term letting) or otherwise nor shall it be used for any commercial purposes.
REASON: To prevent unauthorised development.
3. External Finishes.
All external finishes shall harmonise in colour and texture with the adjoining dwelling to the south.
REASON: In the interest of visual amenity.
4. Drainage - Irish Water.
(a) The water supply and drainage infrastructure, shall comply with the requirements of Irish

Water.

(b) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

5. Permission Required for Class 1 & 3 Exemptions.

Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001 as amended, and any statutory provision replacing or amending them, no development falling within Class 1 or Class 3 of Part 1 of Schedule 2 of those Regulations and any statutory provision replacing or amending them shall take place within the curtilage of the proposed development without a prior grant of planning permission.

REASON: In order to ensure that a reasonable amount of rear garden space is retained for the benefit of the occupants of the dwelling, compliance with Development Plan policy, and in order to protect the residential amenity of the area.

6. Access Arrangements

A. The boundary walls and gates at vehicle access points shall be limited to a maximum height of 0.9m, and any boundary pillars shall be limited to a maximum height of 1.2m, in order to improve forward visibility for vehicles.

B. Any gates shall open inwards and not out over the public domain.

C. The vehicular access points shall be limited to a width of 3.5 meters.

D. In the event that a new driveway is laid, the driveway and any other hardsurfaced areas shall comprise permeable paving to improve surface water drainage.

REASON: To ensure pedestrian and vehicular safety

7. Rainwater Harvesting Tank

SDCC drainage section requires a setback distance of at least 3m from the proposed house to the proposed rainwater harvesting tank. Prior to the commencement of development the applicant shall submit to the Planning Authority for written agreement drawings showing the required setback distance.

REASON: To ensure the safe disposal of surface water in the interests of public health

8. Irish Water Connection Agreement.

Prior to the commencement of development the applicant or developer shall enter into water and/or wastewater connection agreement(s) with Irish Water.

REASON: In the interest of public health and to ensure adequate water/wastewater facilities.

9. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €10,051.94 (Ten Thousand and Fifty-One Euros and Ninety-Four Cents), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public

infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority. NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTES :

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: Where the applicant proposes to connect to a public water/wastewater network operated by Irish Water, the applicant must sign a connection agreement with Irish Water prior to the commencement of the development and adhere to the standards and conditions set out in that agreement.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.
