A Permission has been granted for the development described above, subject to the following conditions.

**Conditions and Reasons:**

1. Development in accordance with submitted plans and details.  
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.  
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. Permission is hereby granted solely for the development which is set out in Statutory Public Notices and description of development under Section 9 of the planning application form submitted.  
REASON: In the interest of clarity, consistency and the proper planning and sustainable development of the area.
3. Drainage - Surface Water.  
(a) The disposal of surface water, shall fully comply with all of the technical requirements of the Council's Water Services Section.  
(b) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.  
REASON: In the interests of public health, safety, the proper planning and sustainable

development of the area and in order to ensure adequate and appropriate surface water drainage provision.

4. Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition. REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

5. Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays. Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

6. Operational Noise.

(a) Noise due to the normal operation of the proposed development, expressed as Laeq over 15 minutes at the façade of any noise sensitive location, shall not exceed the daytime background level i.e. 0700 – 1900 by more than 10 dB(A) and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 .

Clearly audible and impulsive tones at noise sensitive locations during evening and night as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be avoided irrespective of the noise level.

(b) Noise levels from the proposed development shall not be so loud, so continuous, so repeated, of such duration or pitch or occurring at such times as to give reasonable cause for annoyance to a person in any residence, adjoining premises or public place in the vicinity.

(c) All mechanical plant and ventilation inlets and outlets should be sound insulated and/or fitted with sound attenuators as necessary to ensure that the noise level as expressed as LAeq over 15 minutes at 1 meter from the façade of any noise sensitive location does not exceed the background level by more than 10 dB(A) for daytime and shall not exceed the background level for evening and night time (currently 19:00 – 07:00) as determined in S.I. No. 140/2006 - Environmental Noise Regulations 2006.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.
