

Planning Reference Number: SD22B/0544

To Whom it May Concern,

Regarding the above planning application I wish the following to be considered.

1. The front dormer window does not fit in with the street scape and will take away from the appearance of other houses and our adjoining house in particular. The symmetry of the street will be altered.

2. We are all healthcare workers who work overnight shifts at least once a month. Trying to sleep while listening to building work is very bad for our health. This makes it difficult to work effectively and safely, particularly when heading into another overnight shift when you've already had a sleepless night.

3. One of us is an asthmatic and the dust from previous building work has worsened this condition.

I hope you take these into consideration. I enclose receipt of payment below.
