- 6 Play area information board, with details of the age profile per play item and emergency contact details

7150 x 3500

**Uniplay Sungam**  
Model: 8071075  
Designer: Sauer Foundation

Sungam has various challenge levels and play features such as sliding, jumping and climbing. Children can also take part in ball games. The play unit is made of wood and is suitable for use in all weather conditions. It is made of galv. onto the towers, via the curved stairs, climbing rails, ball distributor or wobbly drums, depending on their ability.
