Jason Walsh Architectural & Engineering Services 12 Ard Mor Crescent Tallaght Dublin 24

NOTIFICATION TO GRANT PERMISSION PLANNING & DEVELOPMENT ACT, 2000 (as amended) AND PLANNING REGULATIONS THEREUNDER

Final Grant Order No.:	0228	Date of Final Grant:	27-Feb-2023
Decision Order No.:	0061/23	Date of Decision:	19-Jan-2023
Register Reference:	SD22A/0287	Date:	20-Dec-2022

Applicant: Deborah Soave

Development: The development shall consist of two storey detached house to side of existing

house with vehicular access and all associated site works.

Location: 67 Coolamber Park, Knocklyon, Dublin 16

Time extension(s) up to and including:

Additional Information Requested/Received: 22-Aug-2022 / 20-Dec-2022

A Permission has been granted for the development described above, subject to the following conditions.

Conditions and Reasons:

- 1. Development to be in accordance with submitted plans and details.
 - a) The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application, and as amended by Further Information received on 20/12/2022, save as may be required by the other conditions attached hereto.
 - b) Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001 as amended, and any statutory provision replacing or amending them, no development falling within Class 1 (extensions to dwellings) or Class 3 (sheds/garages) of Part 1 of Schedule 2 of those Regulations and any statutory provision replacing or amending them shall take place within the curtilage of the proposed development without a prior grant of planning permission.

REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.

2. Restriction on Use.

The house shall be used as a single dwelling unit and shall not be sub-divided by way of sale or letting (including short-term letting) or otherwise nor shall it be used for any commercial purposes.

REASON: To prevent unauthorised development.

3. Roads and Access

A. Footpath and kerb shall be dished and widened, and the dropped crossing shall be constructed to the satisfaction of South Dublin County Council and at the applicant's expense. The footpath and kerb shall be dished and widened to the full width of the proposed widened driveway entrance.

- B. The driveway shall not exceed 3.5m in width and boundary walls at the vehicle access point shall be limited to a maximum height of 0.9m, and any boundary pillars shall be limited to a maximum height of 1.2m, in order to improve forward visibility for vehicles.
- C. Any gates shall open inwards and not out over the public domain.
- D. If the tree marked to be removed remains, a distance of 600mm shall be maintained between the footpath and tree located in the grass verge in order to protect the tree. REASON: In the interests of the proper planning and sustainable development of the area

4. Irish Water Connection Agreement.

Prior to the commencement of development the applicant or developer shall enter into water and/or wastewater connection agreement(s) with Irish Water.

REASON: In the interest of public health and to ensure adequate water/wastewater facilities.

5. Landscape and GI Plan

Prior to the commencement of development the applicant shall submit the following for the written agreement of the Planning Authority:

- (i) a landscape design including details of boundary treatment for the proposed development.
- (ii) a GI Plan in the case of small-scale developments this may consist of a simple landscape plan which includes objectives to protect or restore existing on site GI assets, provides for connection to local or primary GI corridors or includes elements which may allow the site to act as a local stepping stone.

REASON: In the interests of visual amenity and to ensure that new development meets minimum standards for the provision of GI, in accordance with policy GI5 Objective 4 and other relevant policies of the CDP 2022-2028

6. Tree Protection

Prior to the commencement of development the applicant shall submit the following for the written agreement of the Planning Authority:

- a) outline of the tree protection measures to be employed in accordance with BS5837:2012: in order to ensure the protection of the existing trees located within the grass margin outside the property:
- b) The existing street tree located within the grass margin shall be protected by secure, stout exclusion fencing erected at a minimum distance equivalent to the branch spread of the trees and in accordance with BS 5837 (2012) Trees in Relation to Design, Demolition and Construction;
- c) Any works within the branch spread of the trees shall be by hand only. No materials, supplies, plant or machinery shall be stored, parked or allowed access beneath the branch spread or within the exclusion fencing. Any trees that are damaged or felled during construction work must be replaced with semi mature trees of the same or similar species. REASON: To ensure the safety and well-being of the trees, in accordance with relevant policies of the CDP 2022-2028

7. Tree Bond

A maximum of two weeks from the date of Commencement Notice within the meaning of Part II of the Building Control Regulations 1997 and prior to the commencement of any works on site, a Bond or bank draft to the value of €1, 500 shall be lodged with the Planning Authority as a security for the protection of the existing street tree in the grassed margin along the northern boundary of the site during the course of the development works. The release of the bond will be considered a minimum 12 months after the completion of all site works, at the discretion of the Landscape/Public Realm Section. This will involve assessment of whether the tree specified for retention have been preserved in their prior condition and have suffered no damage and the developer has complied with the requirements

of the Planning Authority in relation to tree protection.

REASON: In the interest of the proper planning and sustainable development of the area, street-tree protection, and the maintenance of the county's green infrastructure

8. Sustainable Drainage Systems

- (a) The applicant shall demonstrate compliance with the SDCC SUDS Design Guide 2022, and Policies GI3, GI4, GI5, IE3, SM2, SM7, and sections 4.3.1, 12.7.6, 12.11.1, and 12.11.3. of the South Dublin County Development Plan 2022 2028 in relation to sustainable drainage systems.
- (b) In relation to SUDs, the applicant is requested to submit plans showing how surface water shall be attenuated to greenfield run off rates and showing what SuDS (Sustainable Drainage Systems) are proposed.
- (c) Natural SUDS features should be incorporated into the proposed drainage system for the development such as bio-retention/constructed tree pits, permeable paving, green roofs, filtration planting, filter strip etc. In addition, the applicant should demonstrate how the proposed natural SUDS features will be incorporated and work within the drainage design for the proposed development. Note: If tree pits are proposed, SuDS bioretention Tree pits to be installed in trees within /draining areas of hard standing. Tree Pits to incorporate SuDS bioretention features and sufficient growing medium. SuDS details need to show how the water drains from the road/pavement hard surface into the SUDS tree pit, clearly outlining how SuDS features within the tree pits will function. The applicant is requested to refer to the recently published 'SDCC Sustainable Drainage Explanatory, Design and Evaluation Guide 2022' for acceptable SUDS tree pit details.
- (d) The applicant is requested to submit a report to show surface water attenuation calculations for proposed development. Show on a report and drawing what surface water attenuation capacity each SuDS (Sustainable Drainage System) system has in m3 . Show in report what surface water attenuation capacity is required for proposed development. Show what different surface types, areas in m2 are proposed such as, green roofs, permeable paving, buildings, roads and their respective run off coefficients. Submit a drawing showing the treatment train of SuDS and proposed natural flow controls for each SuDS system.

REASON: To prevent the increased risk of flooding and to improve and protect water quality, in accordance with relevant policies and objectives contained within the current County Development Plan.

9. Surface Water and SuDS

- A) There are no soil percolation test results, design calculations or dimensions submitted for the proposed soakaway. The applicant is required to submit a report showing site specific soil percolation test results and design calculations for the proposed soakaway in accordance with BRE Digest 365 Soakaway Design.
- B) The applicant is required to submit a revised drawing showing plan and cross-sectional views, dimensions, and location of proposed soakaway. Any proposed soakaway shall be located fully within the curtilage of the property and shall be:
- i. At least 5m from any building, public sewer, road boundary or structure.
- ii. Generally, not within 3m of the boundary of the adjoining property.
- iii. Not in such a position that the ground below foundations is likely to be adversely affected.
- iv. 10m from any sewage treatment percolation area and from any watercourse / floodplain.
- v. Soakaways must include an overflow connection to the surface water drainage network.
- C) The applicant shall consider including SuDS (Sustainable urban Drainage Systems) features for the proposed development such as but not limited to the following:
- Rain Gardens, Planter boxes with overflow connection to the public surface water sewer.
- Water Butts
- Grasscrete

REASON: To ensure adequate provision is made on site for the attenuation of surface water

10. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €16, 316.70 (Sixteen Thousand Three Hundred and Sixteen Euros and Seventy Cents), in respect of public infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended).

The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority. NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTES:

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Waste, arising from the site, must be kept to a minimum, segregated where appropriate, and disposed in accordance with the Waste Management Regulations 2007, as amended. Transport of such waste, must be by an authorised waste permit holder. Waste disposal records must be maintained and made available, for inspection by Authorised Persons appointed under the Waste Management Act 1996, as amended. A Waste Transfer Form shall accompany the transportation of all hazardous waste arising from the construction works.

- (1) All buildings must be designed and constructed in accordance with the Building Regulations 1997.
- (2) Building Control Regulations require a Commencement Notice. Please log onto www.localgov.ie and click on BCMS link.
- (3) A Fire Safety Certificate must be obtained from the Building Control Authority, where applicable.
- (4) Free Standing Walls must be designed and constructed in accordance with IS 325: Code of Practice for use of Masonry Part 1: Structural use of reinforced Masonry. The Owner must also ensure that the construction of all walls is supervised by a competent person.

Signed on behalf of South Dublin County Council.

M. Growley,: Dated 27th Feb 2023 for Senior Planner
