Dear Gormala/Deirdre,

With reference to the attached application SD22B/0441 regarding the planning application to the above address, enclosed please find the 6 copies of further information requested on 28 November 2022.

I would like to apologise for the delay in response to this request but unfortunately my Architect Michael O Connor 18, Lissadel Wood, Malahide, Co Dublin, had informed me that this was already submitted. I need to state that this appears not to be the case. I am experiencing some communication problems with Mr. O Connor, with this application, and I am unsure as to why this has happened. It is only since late January, when I tried to communicate with Michael that this situation became known to me. He may be ill or otherwise incapacitated, but I am unaware of any reason for this lack of communication.

May I respectfully request, if at all possible, for you to move this application as quickly as possible to enable me to proceed with this home extension, as I have a window of opportunity from a builder to commence works. (if approved).

Thank you for your time and effort and once again my apologies for this delay.

Yours sincerely,

Hugh Feighery.

They have lived at this address for more than 30 years, love living in the neighbourhood, and are unable to get a suitable smaller premises in the area.

Hugh is currently being treated for cancer and has recently received a triple by-pass operation. This can be verified by Profess Ray McDermott cancer specialist, and Professor Mark Redmond, heart specialist, who both operate from the Beacon clinic, Hugh is currently under their care.

Ciaran Feighery, their youngest son, and his wife Amy, and two young children, Alfie and Isla, have now moved in to this address.

The extension is solely for the purpose of "Reasonable accommodation and privacy" for all concerned, and in due time to accommodate Ciaran and Amy's growing family as time moves on.
