

Hi,

I am writing to South Dublin County Council today, to object to the proposed planning application. The reason i object are, this will add even more traffic to a highly congested Newcastle Road, with the amount of housing estates added along this over the years, it has lead to an unsustainable amount of traffic on this single road, as can be observed, traffic heading towards the N4 from the Newcastle road can build all the way back to Finnstown even the railway bridge some days. Even with the addition of the new Clonburris link road, that will still lead traffic towards the Newcastle rd and it also adds yet another set of traffic lights to it, which will not help traffic flow. Another reason is what effect, construction of something this size will have on local amenities, such as the P&P club, with construction traffic, dust and noise etc. coming from the construction site. One last reason is the environmental impact, this could have a devastating impact on local wildlife considering its close proximity to the Griffeen River.

Kind regards

Peter Anderson
