Re: **COMPLIANCE SUBMISSION CONDITION No. 4  
Planning Application SD22A/0106, 'installation of 279  
solar PV panels on the roof of the Eatto building',  
'Glint/Glare Assessment regarding Aviation'.**

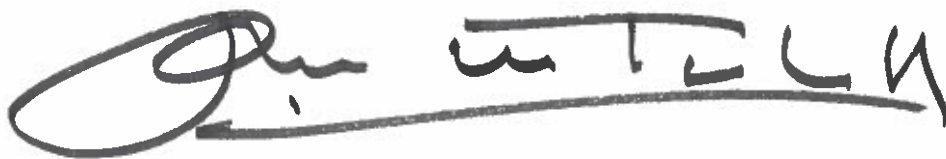

Dear Sir/Madam,

With regards to the above planning application SD22A/0106 which was granted with several conditions, namely Condition 4 which required the applicant to submit a written agreement of the Irish Aviation Authority and/or Air Corps Traffic Service which stated that the proposed works would not affect the safety, efficiency, or regularity of aviation operations.

I attach in compliance a letter from the Irish Department of Defense.

Kind regards,

Yours sincerely,

John Mitchell

**RE: Proposed Solar Development at the Artizan Food Company Ltd.**

**Planning Ref: SD22A/0106**

Dear Mr. O'Brien,

I refer to your recent correspondence on the above-referenced matter, specifically the installation of 279 Solar PV panels at John F Kennedy Industrial Estate, Dublin 12

Following consultations with the subject-matter experts in the Air Corps, the Department of Defence notes the contents of the Glint and Glare Report you provided and has no further comment on the issue.

Yours sincerely,
