

41 Cannonbrook Park

Lucan

Ref: SD22A/0445

I strongly object to the building of the mast at Esker House. I have concerns about the proposed location which is very close to several residential areas. I am also concerned about the potential health implications this could have for those living in the area. The proposal also states that the mast will not be visible with the trees on the site. This is not the case as the mast will be 24 meters high and the trees will only be in full bloom for part of the year. Esker House is also an historic protected site and this mast should not be built in this location. I also helped collect over 120 signatures which have already been submitted to the council.
