Re: Additional Information in Relation to SD22B/0353

Dear Sir / Madam,

Please find enclosed requested additional information in connection with the above planning application.

1. The external door has been removed from the front of the extension as requested.
2. The extension has been redesigned to step back the ground floor creating a cantilever structure at first floor level. This will maintain the 3m clearance from the existing Watermain.
3. A water butt has been designed to collect water from the new roof with an overflow to the existing storm water sewer. We have also included a Soakaway which also overflows into the existing SW sewer.

If you have any queries or require any further information, please do not hesitate to contact me.

Yours Sincerely

Shane Brew
