Re: Demolition of shed/garage building to rear, construction of house, vehicular entrance off Brideswell Lane and all ancillary site development works.
97 Boot Road, Clondalkin, Dublin 22.

Dear Sir / Madam,

An order has been made by An Bord Pleanála determining the above-mentioned appeal under the Planning and Development Acts 2000 to 2022. A copy of the order is enclosed.

In accordance with section 146(5) of the Planning and Development Act 2000, as amended, the Board will make available for inspection and purchase at its offices the documents relating to any matter falling to be determined by it, within 3 days following the making of its decision. The documents referred to shall be made available for a period of 5 years, beginning on the day that they are required to be made available. In addition, the Board will also make available the Inspector's Report, the Board Direction and Board Order in respect of the matter on the Board's website (www.pleanala.ie). This information is normally made available on the list of decided cases on the website on the Wednesday following the week in which the decision is made.

The Public Access Service for the purpose of inspection/purchase of file documentation is available on weekdays from 9.15am to 5.30pm (including lunchtime) except on public holidays and other days on which the office of the Board is closed.

Yours faithfully,

Kieran Somers
Executive Officer

Board Order
ABP-313559-22

Planning and Development Acts 2000 to 2022

Planning Authority: South Dublin County Council

Planning Register Reference Number: SD22A/0063

Appeal by John Dunne care of Stephen Mason Architectural and Planning Services of 2 Clonkeefy, Castlerahan, Ballyjamesduff, County Cavan against the decision made on the 19th day of April, 2022 by South Dublin County Council to refuse permission.

Proposed Development: Demolition of the existing shed/garage building to the rear of the existing dwelling. Construction of one number two-bedroom, three-person detached single storey pitched roof mews dwelling with attic conversion and a single storey flat roof rear projection located to the rear of the existing dwelling and fronting onto Brideswell Lane. The vehicular entrance is off Brideswell Lane. Connection to all public services. All necessary ancillary site development works to facilitate the development, all at 97 Boot Road, Clondalkin, Dublin.

Decision

GRANT permission for the above proposed development based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to Project Ireland 2040: The National Planning Framework and its relevant objectives, which seek to consolidate residential growth in urban areas, and the provisions of the South Dublin County Development Plan 2022-2028, including the 'RES' zoning objective for the site, the specific characteristics of the site, the pattern of development in the surrounding area, and the character and dimensions of the laneway, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area or of property in the vicinity, would not endanger public safety by reason of a traffic hazard, and would constitute an acceptable form of development at this location. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of all boundary treatments shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of residential amenity.

3. Details, including samples, of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and surface water management.

5. Prior to commencement of development, the developer shall enter into a water and wastewater connection agreement with Uisce Éireann (formerly Irish Water).

Reason: In the interest of public health.

6. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays, inclusive, between 0900 to 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

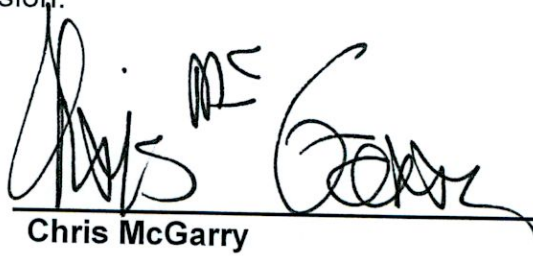

Reason: In order to safeguard the amenities of property in the vicinity.

7. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground.

Reason: In the interest of visual and residential amenity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Chris McGarry

Member of An Bord Pleanála
duly authorised to authenticate
the seal of the Board.

Dated this 8th day of August 2023.
