Hi Saverio.

Thank you for your submission and revisions to same. I am satisfied that the submission is in line with the requirements of the SDCC Public Lighting Specification.

Please ensure the developer informs the Public Lighting Section of the commencement of works on site. All electrical connections for Public Lighting Installations to be Taken-In-Charge by the council will be applied for by the Public Lighting Inspectors once works commence. The Inspectors will also be required to undertake various site visits and inspections throughout construction.

Regards,  
Gráinne

Hi Gráinne,

Again thank you for your time on Friday to define the info you queried and require.

Attached are the update layouts as requested – across the 3No. email.

Regards

**SAVERIO TALOTTI**
