Re: Demolition of garage, construction of house with new vehicular access from Limekiln Road, diversion of the existing storm water pipe and all associated ancillary site works.
46, Limekiln Road, Dublin 12

Dear Sir / Madam,

An order has been made by An Bord Pleanála determining the above-mentioned appeal under the Planning and Development Acts 2000 to 2022. A copy of the order is enclosed.

In accordance with section 146(5) of the Planning and Development Act 2000, as amended, the Board will make available for inspection and purchase at its offices the documents relating to any matter falling to be determined by it, within 3 days following the making of its decision. The documents referred to shall be made available for a period of 5 years, beginning on the day that they are required to be made available. In addition, the Board will also make available the Inspector's Report, the Board Direction and Board Order in respect of the matter on the Board's website (www.pleanala.ie). This information is normally made available on the list of decided cases on the website on the Wednesday following the week in which the decision is made.

The Public Access Service for the purpose of inspection/purchase of file documentation is available on weekdays from 9.15am to 5.30pm (including lunchtime) except on public holidays and other days on which the office of the Board is closed.

Yours faithfully,

Kieran Somers
Executive Officer

Board Order
ABP-317426-23

Planning and Development Acts 2000 to 2022

Planning Authority: South Dublin County Council

Planning Register Reference Number: SD22A/0386

Appeal by John McWeeney care of SCA Planning of 17A Bridgecourt Office Park, Walkinstown Avenue, Walkinstown, Dublin against the decision made on the 25th day of May, 2023 by South Dublin County Council to refuse permission.

Proposed Development: Demolition of existing garage and the construction of one dormer style, three-bedroom detached dwelling with new vehicular access from Limekiln Road, including the diversion of the existing storm water pipe and all associated ancillary site works. Proposed works similar to previously approved planning permission under planning register reference number SD07A/0710, all at 46 Limekiln Road, Dublin.

Decision

GRANT permission for the above proposed development based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the provisions of the South Dublin County Development Plan 2022-2028, the pattern of development in the area, and the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would be an acceptable form of development at this location, would be in accordance with the Residential zoning for the area, would align with the streetscape, and would not be prejudicial to public health. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Appropriate Assessment Screening:

Having regard to the nature and scale of the proposed development, the nature of the foreseeable emissions therefrom, being clean surface water, the minor and temporary nature of construction work within the riparian corridor, the nature of the receiving environment, as a built-up urban area, and the distance from any European Site, the Board accepted and adopted the Appropriate Assessment screening carried out in the Inspector's report in respect of the implications of the proposed development on the integrity of the European Sites, having regard to the sites' Conservation Objectives.

Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 3rd day of February, 2023 and on the 28th day of April, 2023, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and surface water management.

4. Prior to commencement of development, the developer shall enter into a water and wastewater connection agreement with Uisce Éireann.

Reason: In the interest of public health.

5. The construction of the proposed development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of all intended construction practice for the proposed development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interest of public safety and residential amenity.

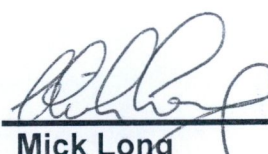

6. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground.

Reason: In the interest of visual and residential amenity.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Mick Long
