Condition 3: Construction Waste Management Plan.

All construction waste arising from the development of the site as approved shall be

managed in accordance with all relevant statutory provisions and an agreed site specific

Construction Waste Management Plan. All such waste shall be kept to a minimum,

segregated where appropriate, and disposed/recovered at a waste facility authorised under

the Waste Management (Facility Permit and Registration) Regulations 2007, as amended,

to accept the categories of waste.

A maximum of two weeks from the date of any

Commencement Notice within the

meaning of Part II of the Building Control Regulations 1997 and prior to the

commencement of any works on site the applicant, owner or developer or any other

person with an interest in the land to which the development as approved relates shall

lodge with the Planning Authority for written agreement:

A site specific Project Construction Waste and Demolition Management Plan that

accords with the requirements both of the Council's Waste Management Section and the

Council's Waste Enforcement and Licensing Section.

4

All construction and demolition waste shall be managed in accordance with this plan

which shall be prepared in accordance with the 'Best Practice Guidelines on the

Preparation of Waste Management Plans for Construction and Demolition Projects',

published by the Department of the Environment, Heritage and Local Government in

2006 and the provision of the Waste Management Plan for the Dublin Region. The plan

shall include details to the satisfaction of the Council's Waste Management Section and

the Council's Waste Enforcement and Licensing Section for all waste to be generated

during site clearance and construction phases, and details of the methods and locations to

be employed for the prevention, minimisation, recovery and disposal of this material in

accordance with the provision of the Waste Management Plan for the Eastern-Midland Region.

A record of daily checks that the works are being undertaken in accordance with the site specific Construction Waste Management Plan shall be kept for inspection by the planning authority.

The plan should also be informed by any Construction Traffic Management Plan required

to be prepared and agreed that addresses intended construction practice for the

development, including hours of working, construction traffic access route and noise

management measures and details of measures to protect watercourses on or adjoining

the site from the spillage or deposit of clay, rubble, waste or other debris.

In addition, copies of waste disposal/recovery records, including waste collector

dockets/invoices and weighbridge dockets, shall be maintained on site during

construction activity and made available, at all reasonable times, for inspection by

Authorised Persons as appointed under the Waste Management Act 1996, as amended.

A Waste Transfer Form shall accompany the transportation of all hazardous waste arising

from the development works, in accordance with the European Communities (Shipment

of Hazardous Waste Exclusively within Ireland) Regulations 2011. Waste operations

shall only be carried out at such time as authorisation pursuant to the Waste Management

Act 1996, as amended, has been obtained.

Storage of construction materials is not permitted on any public road or footpath, unless

agreed in writing with the Planning Authority, having regard to the prior reasonable

justification and circumstances of any such storage.
